REBELS SEIZE STRATEGICAL BRAZIL TOWN

Revolutionary Forces Making Sweeping Gains in North and South

TWO DESTROYERS ARE FLYING RED COLORS

Revolters Capture Six Military Airplanes—Pernambuco Governor Flees

PERNAMBUCO, Brazil, Oct. 8.—This important northern city of Brazil tonight was in control of revolutionary forces, which reported the insurgent movement against the Central Government had been victorious in all states to the north. Casualties were reported to number 150.

PORT ALEGRE, Grande Do Sul, Brazil, Oct. 8.—Sweeping revolutionary gains in the north and south of Brazil tonight were claimed at the revolutionary headquarters. The revolutionary leaders asserted they had captured several important strategic towns, that they were negotiating with two destroyers, that the southern operations were being carried out in the southern revolutionary area, that the city of Pernambuco in the north was being consolidated and that revolutionary forces were marching on the important city of Bahia.

VILLA ANNITOPOLIS
Revolutionary headquarters, as reported by the correspondent of La Nacion, of Buenos Aires, announced that rebel forces had taken Villa Annitopolis, an important strategic point opening the way into the State of Santa Catarina.

It was stated that two destroyers today arrived at Port Imbituba, both flying the red flag, or Liberal colors.

Revolutionary forces from Vaccari and Dom Jeanne were reported to have occupied Villa Lages and to be continuing to the northward, forming part of a general rebel advance toward Sao Paulo.

MILITARY AIRPLANES
Revolutionary headquarters at Porto Alegre also announced the revolutionary Government set up in Minas Geraes had relayed a report from Natal, on the northeast tip of Brazil, of the capture of six military airplanes by the revolutionaries.

The Porto Alegre leaders said revolutionary forces occupying the States of Parana and Santa Catarina numbered more than thirty thousand men, and these were converging toward the Uruguay River, from which place they would march to the north in the best possible military order.

Estacion Coimbra, Federal governor of Pernambuco, was said to have fled from the city aboard the steamer Itanagra, which is steaming toward Para.

MUST FURNISH REQUIREMENTS FOR TOURISTS

Business Leader Urges Establishment of Chain of Chalets Across Canada

SPECIAL EXCURSIONS BY RAIL SUGGESTED

TORONTO, Oct. 8.—Working at top speed, delegates to the annual convention of the Canadian Chambers of Commerce, today cleared away matters from the agenda and listened to speakers, who chose as their subjects everything from Latin-American trade development to the high cost of touring.

C. L. Burton, Toronto, president of Robert Simpson Company, Limited, severely criticized the lack of accommodation provided for tourists, accommodation which, he claimed, was not suitable for the visitor of moderate means. There was plenty of room in the cities, he said, but the visitor had no desire to spend a vacation in the city.

CHAIN OF LODGES

He suggested, as a remedy, the establishment of a chain of lodges or chalets across the country. In addition, he said, too much attention was paid to foreign tourists. More time should be devoted to visitors from other provinces of the Dominion. He suggested the chambers should ask the railway companies to run half-fare excursions from points in Canada to other points of the Dominion, for a period of twenty days in November, in order that the people could become better acquainted with their own country.

Speaking on tourists, Dr. D. Marvin, economist of the Royal Bank of Canada, declared tourist trade has become big business.

RESULT OF LONG EFFORTS

C. K. Howard, manager of the tourist and convention bureau, Canadian National Railways, said that tourist trade did not just happen. It has been developed as the result of long efforts on the part of the Federal and Provincial Governments, railways, civic tourist bureaus, and other organizations to promote tours.

MacDonald Faced With Challenge in Bennett's Policy

London Telegraph Says That British Government Must Give Direct Answer to Tariff Proposals Presented to Conference—Other Papers Comment Editorially on Subject

Rothermere Press Features Speech

LONDON, Oct. 8.—The press of London is divided, according to its political affiliations, in its comment on the determined stand of the Canadian Prime Minister on a platform of Empire preferences under an Empire-wide policy of protection. Papers of differing opinions are, however, appreciative of the frankness and directness of Hon. R. B. Bennett in placing his proposals in a clean-cut manner before the conference. It is also generally recognized that Hon. Mr. Bennett placed the issue squarely up to Rt. Hon. Ramsay MacDonald to definitely decide whether his Government will cling to free trade or will accept the offer of Empire preferences.

Supports Canada at Empire Meeting

SIR RICHARD SQUIRES
Premier of Newfoundland, vigorously supported the views advanced by Hon. R. B. Bennett before the Empire Conference.

ITALY'S STAND ON NAVIES IS REAFFIRMED

Council Says Principle of Parity Must Be Established First

ROME, Oct. 8.—Italy's stand for naval parity with France was reaffirmed tonight by the Grand Council of the Fascist party at its second night session.

The decision was taken with Premier Mussolini presiding. It was a resolution which fully approved Italy's foreign policy. The resolution said the action "reaffirms the decision previously adopted that Italy cannot accept an accord which does not first establish the principle of naval parity."

CAUSED DISAGREEMENT
Italy's stand for naval parity with France was one of the reasons why France and Italy could not join in the naval limitation agreement reached by the United States, Great Britain and Japan at the London Conference last Spring.

Throughout the months that the conference sat, the young Italian Foreign Minister, Signor Grandi, insisted his country never would accept less than parity with its northern neighbor.

Grandi insisted just as strongly as he could not grant Italy parity unless she was guaranteed security in the Mediterranean. Recent Italian naval conversations, held with the aid of Great Britain in both Paris and Geneva, failed.

DIRECT CHALLENGE

The Telegraph (Conservative) believes the Bennett-produced Canadian plan has swept away the whole maze of misty generalities. The plan is based on preferences, and, indeed, is based on preferences through and through.

The Conservative paper proceeds: "With a vigor and incisiveness which shows how well equipped he is for such a conference, the Canadian Prime Minister has challenged a straightforward 'yes' or 'no' on the principle itself, for preference, in his view, is the one and only way to greater Empire prosperity. That challenge, friendly in its tone but unmistakable, is addressed not so much to the other Dominions, though it includes them, as to the British Government."

ILLUSIONS SHATTERED
The Telegraph asks what the reply of the British Government will be, and remarks that it is Prime Minister MacDonald who must respond.

JOBLESS TO BE STAKED ON LAND GOV'T DECLARES

Agriculture Minister Announces Policy of Labor Regime in Britain

DEMONSTRATION FARMS TO GIVE ASSISTANCE

By CARROLL RINDER
(Copyright, 1930, by The Chicago Daily Tribune)

LONDON, Oct. 8.—The British Government is going to stake the unemployed on land, it was announced today by Dr. Christopher Addison, Minister of Agriculture, speaking at the Labor party conference at Llandudno.

The land will be acquired partly through and partly independent of local authorities. The unemployed interested in farming will be settled upon small holdings. The Government will provide tools and livestock.

UNEMPLOYMENT SUBSIDY
More important still, it will continue the unemployment subsidy until the men have been established in their new vocation. They will be aided by the Ministry of Agriculture and other agricultural instruction.

This suggests that the Labor party and the Liberals are still working together to cope with unemployment. A cautious utterance of Prime Minister Ramsay MacDonald at Llandudno yesterday led to the mistaken conclusion that the Labor and Liberals are about to split. Such a difference would, of course, occasion the fall of the Labor Government and necessitate early elections, with the tariff policy and unemployment as the great issues.

A HARD BATTLE
Mr. MacDonald also defeated the opposition from within the Labor ranks. He defeated the heated discussions at Llandudno over the rather disappointing Government measures for meeting the unemployment crisis.

Young Sir Oswald Molesley, Minister of Labor, said that the Government's policy was a hard battle, however.

At the London Conference, the Italian stand for naval parity was one of the reasons why France and Italy could not join in the naval limitation agreement reached by the United States, Great Britain and Japan at the London Conference last Spring.

Throughout the months that the conference sat, the young Italian Foreign Minister, Signor Grandi, insisted his country never would accept less than parity with its northern neighbor.

Grandi insisted just as strongly as he could not grant Italy parity unless she was guaranteed security in the Mediterranean. Recent Italian naval conversations, held with the aid of Great Britain in both Paris and Geneva, failed.

Must Decide Policy on Preference

RT. HON. J. RAMSAY MACDONALD
Prime Minister of Great Britain, who must decide the attitude of his Government towards the proposals made by Canada's Premier.

CROWDS PAY HOMAGE TO R-101 DEAD

Ancient Chapel at Westminster Abbey Filled With Floral Tributes

MEMORIAL SERVICE TO BE HELD IN TWO PARTS

LONDON, Oct. 8.—Peers and commoners mingled today in common homage to the forty-seven dead of the R-101, whose bodies rest, all but a few of them unidentified, in the mortuary chapel of Westminster Abbey.

Coffins ranged in grim rows, over each a flag, gave silent testimony of the completeness of the disaster which had overtaken the world's largest dirigible airship, to which many Londoners waved a farewell as it departed on its journey to India last Saturday.

BOYER OF FLOWERS
The interior of the chapel, ordinarily severe and cold in ancient dignity, today was a bower of floral tributes sent by persons from many walks of life.

Tomorrow the bodies will be removed to Westminster Hall, adjacent to the Abbey. This venerable building, then, will become a national shrine for the moment, as it was twenty years ago, when King Edward VII lay there in state. The hall will be opened to the public on Monday.

MEMORIAL SERVICES
The memorial services will be in two parts, in each of which separate creeds will have their part, each paying homage to its dead.

The Church of England memorial will be held in St. Paul's Cathedral, and Westminster Cathedral will be the scene of a stately mass of requiem for the victims.

Coroner Ingleby Oddie opened his inquest today, but announced an adjournment until some time after the Government has appointed a successor to Lord Thornton, Minister for Air, one of the R-101 victims.

FROZEN SALMON GO FORWARD TO EGYPT

Substantial Shipment From Local Freezing Plant Is Expected to Bring Repeat Orders

The first shipment of frozen spring salmon to go from here to Egypt left yesterday. This is a line of a trial shipment, in a line which it is hoped may result in the establishment of a permanent avenue of trade. The fish were caught in the Strait of Juan de Fuca and were in fine shape, coming from the traps of the Sooko Harbor Fishing & Packing Company, and frozen a few hours later.

The fish were processed under the modern methods employed at the Victoria Cold Storage & Terminal Warehouse, Limited, and will go to their destination in cold storage space on board one of the vessels of the Dollar Line. The necessary arrangements for the inspection and certificate as to condition required by the consignees were made through the office of the Chamber of Commerce.

The shipment was routed to San Francisco in cold storage, and will there be transferred to the Dollar Line, which is expected to deliver the fish at its destination in about a month or six weeks.

The shipment is being made jointly by the Sooko Harbor Fishing & Packing Company, Limited, Victoria; the Pacific Freezing Company, Vancouver; and the Victoria Cold Storage & Terminal Warehouse, Limited. In the past, the buyers for the Egyptian market have obtained their salmon from United States fishing companies; and if the shipment now going forward proves satisfactory, it will mean the establishment of a considerable trade with Egypt alone.

Mr. Brown, manager of the local plant, stated yesterday.

SARAJEVO, Yugoslavia, Oct. 8.—Four severe earthquake shocks, each lasting forty seconds, were experienced here last night. There was no damage.

MEXICAN FLOOD TOLL
MEXICO CITY, Oct. 8.—Advices from Pachuca today stated that not more than three lives were lost in a flood there Monday night.

CANADA'S PREMIER PLACES PREFERENCE ISSUE SQUARELY BEFORE EMPIRE HEADS

Highlights of Speech of Premier Bennett

"I OFFER to the Mother Country, and to all other parts of the Empire, a preference in the Canadian market in exchange for a like preference in theirs."

"In our opinion, Empire free trade is neither desirable nor possible, for it would defeat the very purpose we are striving to achieve."

"The primary concern of Canada today is profitably to sell its wheat. We believe that we shall be reaching towards a solution of that problem if we can establish a better market in Great Britain. This market we want, and we are willing to pay by giving in the Canadian market a preference for British goods."

"Projects other than the one that I propose have been placed before you. . . . We are constrained to state that none of them can be accepted by Canada as alternatives at all likely to achieve the purpose we have in mind."

"This policy of the Conservative party has come to be known as the policy of 'Canada First.' In approaching the economic problem of our Empire I stand four-square behind that policy."

"Any Government of which I am the head will be prepared to support the proposal I have made and with whatever variations in the general plan may seem advisable to make it effective by proper legislation."

Communist Armies Still Devastating Centres in China

75,000 Outlaws Lay Waste to Towns in Kiangsi Province—Torch Applied to Kian—Fire on Foreign Shipping

SHANGHAI, Oct. 8.—Red armies continued to scourge China tonight, as cessation of civil warfare seemed near. With the rebellious Northern Alliance in a state of collapse, Communists increased their depredations in South China.

Sweeping over Southern Kiangsi Province, 75,000 outlaws laid waste to towns and countryside. Kian, important city, with numerous smaller places nearby, was reported fallen prey to 40,000 bandit Reds who applied the torch. It is not known whether the Reds simply looted the cities or, as in many other communities, killed many inhabitants.

BRITISH MISSIONARIES
Many British missionaries who worked in the Kian area have not been heard from since the Communist onslaught.

Lurking behind banks of the Yangtze River, Reds continued to fire upon foreign shipping plying between Kiangsi and Hankow, 135 miles, undisturbed by losing a brief engagement yesterday with the United States gunboat Panay, near Yehow.

AWAITING OPPORTUNITY
Although previously reported headed for his mountain refuge in Shansi Province, Peng was said today to be signing his men along the Honan-Shansi borders awaiting a chance to strike back, or ready to retreat if attacked in force.

Apartment Block On Vancouver St. Sold for \$60,000

Sale to a local investor of the apartment block recently constructed by J. Mossman on the corner of Vancouver Street and Burdett Avenue, is reported by C. E. Yarwood, business property manager for Pemberton & Son.

In its design and equipment, this apartment block is believed to be the most modern yet to be erected in Victoria. The price at which it was sold is understood to be in the neighborhood of \$60,000.

Mr. Underwood also reports the sale of a property with a sixty-foot frontage on Port Street between Vancouver and Cook Streets. The purchaser is a prominent investor who intends to build immediately.

The work of rescuing Balog is being continued, though no sound has been heard from the section where he has been imprisoned since morning. Hope that he may be still living in a pocket of the tunnel is inspiring the rescue workers to tremendous efforts.

Canadian Wins Trophy

DR. ANGUS K. WILSON, Milestone, Sask., made history recently when he captured the Belfast Golf Trophy, presented in 1909 to the British Medical Association by the Ulster Medical Society. Dr. Angus K. Wilson, above, made a record by being the first person outside British Isles to capture the trophy in its history of twenty-one years. The coveted cup is also shown above.

Hon. R. B. Bennett Makes It Clear to Conference That Dominion Stands for Trade With Portions of Commonwealth That Will Agree to Mutual Protection for Mutual Advantage

Time Has Arrived to Decide Whether Economic Union Is to Be Objective

Moment for Action Has Come, States Prime Minister, in Demanding That Decision Be Made as to Future Commercial Relations of British Countries to Each Other

LONDON, Oct. 8.—In clearcut and definite language, Hon. R. B. Bennett, Prime Minister of Canada, offered to the Imperial Conference Empire preferences as his method for increasing Empire trade. It was the opening of discussion on what has been regarded as the main object of the conference, broadening of trade and consequent reduction of unemployment.

Premier Bennett declared the primary concern of Canada today was to profitably sell her wheat. Canada wanted the British market for her wheat.

"For it we will be willing to pay by giving preference in the Canadian market for British goods," Premier Bennett said.

The policy of the Canadian Conservative party is Canada first, the Canadian Prime Minister declared. Approaching the economic problem of the Empire, he stood four-square behind that policy. He proposed the British Empire should subscribe to the principle of Empire preferences. That principle should be approved or rejected.

COMPROMISE IMPOSSIBLE
"There is no room for compromise," Premier Bennett flatly declared. "There is no possibility of avoiding the issue. This is a time for plain speaking and I speak plainly when I say that the day is now at hand when the people of the Empire must decide for once and all whether our welfare lies in closer economic union or whether it does not."

"Delay is hazardous and further discussion of the principle is surely unnecessary. The time for action has come."

CANADIAN LEADER SPEAKS
Following is the text of Mr. Bennett's address:

"Before offering this conference a plan which, once effective, will in my opinion make for greater prosperity in all parts of the Empire, I shall briefly state the fiscal policy of the Canadian administration, of which I am the head."

"The Conservative party of Canada believes in and employs the principle of protection of the home producer on agricultural and fabricated products from harmful interference by world competitors; but it is not part of our policy to exclude from our markets foreign goods so long as their importation does not threaten a reduction in the high standard of living which our citizens enjoy."

"On the other hand, it is our declared policy to provide for the consumer a cheap market by stimulating the growth of competing domestic industries to the point of development where they will be in fair competition with others beyond our Dominion, to offer to the Canadian public products of like quality and at prices comparable to those of other countries."

IS MAIN TOPIC
Meanwhile, the frank declaration of the Canadian Prime Minister has become the talk of the conference. Among all the Dominion delegations there is to be found general support of the principle of reciprocal preferences. But the attitude of the British Labor Government remains a mystery. Before the Imperial Conference opened there were intimations that a scheme of import duties would be suggested by the British representatives, but on any such proposal Rt. Hon. J. H. Thomas, Secretary of State for the Colonies, was silent today.

In his opening speech Mr. Thomas spoke on the economic blizzard which was sweeping the world, but he did not suggest any way of escape. In British circles tonight the explanation is given that the Secretary's silence is only in accordance with the expressed desire of the British Government that all proposals for promoting inter-Empire trade should be given the fullest consideration on their merits.

STATEMENT DELAYED
Mr. Thomas, it was added, was not anxious to prejudice discussion by his opening speech and therefore left to a later date a statement of British policy which will be made in a few days. Presumably it will be either before the meeting of the heads of delegations or before the conference closes.

GALE SWEEPS BRITAIN
LONDON, Oct. 8.—Heavy rains and a high wind swept the British Isles today, many places recording winds of more than sixty miles an hour. The morning rain at Carlisle, now tragically vacant, showed a wind force of sixty-seven miles an hour.

Cabinet Crisis May Lead To Fascist Dictatorship Being Created in Rumania

By JOHN GUTHRIE
(Copyright, 1930, by The Chicago Daily News Foreign Service)

VIENNA, Oct. 8.—The Cabinet crisis in Bucharest may lead to a Fascist dictatorship in Rumania, it is feared, according to advice received here. King Carol was consulting with various party leaders, including General Averescu, former Premier, who is noted for his pro-Italian tendencies.

Octavian Goga, one of General Averescu's assistants, announced yesterday that the financial situation in Rumania is so bad that only a strong dictatorial hand can save it.

DISAGREEMENTS OCCUR
The Bucharest newspaper Lupta says that the resignation of Premier Julius Maniu was caused by disagreement with his Minister of Communications, M. Mandulescu, who was given a Cabinet post at the request of King Carol. M. Mandulescu was the man who was chiefly responsible for the smooth working of King Carol's coup, and since the latter's return he has been increasingly powerful, representing the Palace view in the Cabinet.

THE GERMAN ELECTIONS
No doubt, the results of the German elections are at the bottom of M. Maniu's resignation, just as they indirectly caused the fall of Johann Schober in Austria. Adolf Hitler's terrific victory in Germany has stirred all of Central Europe profoundly, giving vast encouragement to the forces of Fascist reaction.

"I don't know what I want, but, by god, I'm going to get it," said the choleric old Irishman in a famous anecdote, and this seems to be the opinion, not only of 6,000,000 Germans but of other millions in Central Europe and the Balkans. Austria and Rumania are first to feel the repercussions, and others may follow.

J. J. JOHNSTON AGAIN GUIDES ROADS LEAGUE

Ald. J. A. Worthington and Reeve James Elick Are Elected to Directorate

BANQUET CONCLUDES KELOWNA CONVENTION

KELOWNA, Oct. 8.—J. J. Johnston, of New Westminster, was again the unanimous choice of the Good Roads League of British Columbia as president at the concluding session of their convention this morning. This is the tenth year of office for Mr. Johnston, and it was pointed out that under his guidance the league had made great strides in the aims and objects for better and more roads throughout the province. It was also stated that there were few men better posted on the needs of motorists and the safe traveling of the public along the highways.

Other officers elected were: First vice-president, Mayor R. Orme, Prince Rupert; third vice-president, F. E. Woodside, Vancouver; secretary, J. Lyle, Port Moody; re-elected, directors, Ald. John Bennett, Vancouver; Ald. J. Johnston, New Westminster; Ald. J. A. Worthington, Victoria; Mayor R. Moffatt, Kamloops; Mayor Barnes, Nelson; Reeve James Elick, Esquimalt; Reeve A. Macdonald, Penticton; Councillor G. Macpherson, North Vancouver; Councillors Wilson and Shebrook, Burnaby; Reeve Mussallem, Maple Ridge; Councillor Brown, Surrey; Councillor Hayward, Richmond; and Reeve McCallan, Spallumcheen.

The last resolution presented by Burnaby recommending improvement on the Hastings-Barnet Road between North Road and Clark Street, Port Moody, was carried. The convention was brought to a close with the annual banquet, at which the speaker was S. L. Squire, Toronto.

PREMIER PLACES PREFERENCE ISSUE BEFORE EMPIRE HEADS

Continued from Page 1

those prevailing in the large markets in other countries.

FLEXIBLE TARIFFS

"To achieve this result we are obliged to consider the whole question from the point of view of both the consumer and the producer, and, through employment of a flexible tariff, to insure the proper protection of the one and safeguard from exploitation the other.

"This result we are on the high road to accomplishing. Its accomplishment will mean vigorous industries assured on that minimum scale of production, through home consumption, without which their exports can never find a place in world markets.

"In pursuance of this policy and to meet economic situations brought about by world and domestic causes (it is not necessary here to determine their relative responsibility), the Parliament of Canada at a session called for on September 1 in September of this year enacted certain changes in the tariff designed in our view to strengthen the position of the home producer. Certain measures were made a part of this emergency legislation to avoid the exploitation of the consumer, and in the good faith and good sense of the Canadian producers we have the necessary assurance of their rigid adherence to these measures.

CANADA FIRST

"This policy of the Conservative party has come to be known as the policy of Canada first. In approaching the economic problem of our Empire I stand four-square behind that policy, and if this conference is to meet these problems and provide an effective solution of them, it seems to me that my attitude towards my own country needs, and if you do likewise then we may come together and search out the means by which we can be of mutual assistance in satisfying those needs.

"I rejoice," Premier Bennett continued, "that the Government of Canada finds in the Empire scheme I have to propose, the surest promise that its duty to its own country will be fulfilled. For we believe that through the broadening of the home markets of the Empire states to Empire products, in preference to the products of foreign countries, every unit of this Empire will benefit.

"This does not mean, of course, that an attempt should be made to exclude from Empire markets the goods of other countries. We must have—all of us must have—markets outside the Empire, and to make these markets sure and greater, we must place no insuperable barrier in the road of reciprocal trade. What it does mean, however, is that we should direct the present flow of trade into more permanent Empire channels by preferring Empire goods to those of other countries. This can only be done in one way. By creating a preference in favor of Empire goods.

HAVE MEANS OF CONTROL

"We have considered what such a scheme of preference will mean to Canada and to the other parts of the Empire. Our conclusion is that we of the Empire states have within

our own control the means to advance the interests of each one of us by developing a plan of economic co-operation based on the principle of Empire preference.

"To establish the soundness of this plan, I shall tell you frankly what it is, for it is clear that no one can be reached until we fully disclose to one another the main spring of our contemplated action.

"The primary concern of Canada today is profitably to sell its wheat. We believe that we shall be reaching towards a solution of that problem if we can establish a better market in Great Britain. This market we want and for it we are willing to pay by giving in the Canadian market a preference for British goods. You may each in your own way apply what tests you choose to determine the value of reciprocal preferences to your own country.

"And so I propose that we of the British Empire in our joint and several resolutions do subject each to the principle of an Empire preference, and that we take without delay the steps necessary to put it into effect.

"First, we must approve or reject the principle.

WANTS DEFINITE ANSWER

"I put the question definitely to you, and I desire to hear a definite answer. There is here no room for compromise, and there is no possibility of avoiding the issue. This is the first time in the history of the Empire that I have asked you to speak plainly when I say that the day is now at hand when the people of the Empire must decide once and for all whether they desire a closer economic union or whether it does not. Delay is hazardous. Further discussion of the principle is utterly unnecessary. The time for action has come.

"Projects other than the one that I propose have been placed before you. They have been carefully reviewed by our delegation, and while we would avoid anything which might savor of premature condemnation, we are convinced that, as alternatives to the one proposed by Canada as alternatives at all likely to achieve the purpose we have in mind."

Premier Bennett went on: "Until this principle is accepted, it would be pointless to discuss the application of it in any great detail. I shall, however, point out a few of the ways in which it may be employed and shall qualify the generality of my proposal by indicating the method of its application.

OFFERS PREFERENCE

"I offer to the Mother Country, and to all the other parts of the Empire, a preference in the Canadian market in exchange for a like preference in their markets. Based upon the addition of a 10 per cent increase in prevailing general tariffs, or upon tariffs to yet be created. In this manner, the application of this offer and in like proposals and acceptances by all the other parts of the Empire, we attain to the ideal of Empire preference.

"I amplify and explain this offer in the following way: In the first place, the rate I have mentioned cannot be uniformly applied. The basis of the proposal is that protection to industries now existing or yet to be established. Because of this we must insure a certain flexibility in the preferential tariff, having regard to the fundamental need for stability in trade conditions, and we must take account of such prevailing preferences as are higher than the general one I suggest.

"It follows therefore that this proposed preference should not be considered as a step towards Empire free trade. In our opinion, Empire free trade is neither desirable nor possible, for it would defeat the very purpose we are striving to achieve. All that is helpful in free trade may be secured by Empire preferences. All that is harmful may in this way be avoided.

PROTECTION FOR EMPIRE

"Again it is conceivable that this preferential rate should be lower in the case of raw products or where the Empire supply does not meet the Empire demand. On the other hand the preference may be increased beyond the general one in the case of goods which are in short supply in the Empire and which are of great importance to the Empire. It is a question which at the moment I shall not discuss further than to say that foremost among those agencies, that of our ocean transport, should be looked upon as the most helpful carriers of Empire goods, and I see no reason why creating additional preferences on goods so carried between Empire ports that great service should not be profitably used.

"All these are matters requiring most careful consideration. Some of them might readily be resolved into difficulties so definite as to defy removal unless the greatest care is taken to anticipate and avoid them.

INTENSIVE STUDY

"They must therefore be subjected to searching analysis by the economists of all the countries concerned. Such an analysis will inevitably result in variations in any standard of preference now to be adopted, but whatever modifications may be found necessary, these will not adversely affect—maybe they cannot but make more beneficial and lasting—the broad principle of Empire protection based on the common advantage and guided in its application by the need to insure the welfare of the home producer with proper service to the consumer. Such a preference makes possible in the only way full employment of the resources of the Empire to the advantage of all its parts.

"I do not need to point out to you that to enjoy prosperity a country must be assured of stability in trade conditions. A preference therefore which cannot be regarded as enduring is worse than no preference at all. And to be enduring it must be predicated upon a basis of benefit to preference on any other basis is manifestly unsound and ephemeral.

TIME IS FACTOR

"Consistent with the fullest inquiry into the application of the principle of an Empire preference our deliberations must be governed by the time factor. If this change in our economic relationship is to be, it must be made without undue delay. I would therefore propose that this conference, if it approve the principle, should constitute such committees as may with the greatest

expedition and thoroughness consider the various questions incident to its operation.

"Here we have neither the time nor the machinery necessary to reach a final conclusion on all of them. It is apparent that we must employ the technicians of our respective countries to complete the inquiry. For that purpose I would suggest that committees be set up in each of the countries concerned, and that those committees immediately on exhaustive examination of the effect upon their domestic situation of the proposals I have made. I am satisfied that whatever modifications in the general plan Canada may have to suggest will be ready for submission within a period of six months. I assume that you are all capable of a like measure of expedition. And so I further propose that when this economic conference has had an opportunity to profitably discuss the plan in its various aspects, it do adjourn steadfastly at Ottawa early next year as the guest of the Canadian people and that in the interval, through the instrumentalities I have suggested, a full and final report be prepared for submission to it.

HAS GOVERNMENT SUPPORT

"Any Government of which I am the head will be prepared to support the proposal I have made and with whatever variations in the general plan may seem advisable to make it effective by proper legislation.

"We Canadians will continue our consideration of this great question until we are satisfied that we will take all means within our power to avoid any conclusions but those most likely to lead to helpful and lasting Empire co-operation. I know that in this case of the generally liked parts of the Empire are like-minded with ourselves, and that to this proposal and to the basis of the plan, they will bring thorough canvass, they will bring the best will and the most useful advice.

"For to you, as to us, it must be plain that we do not fail. I have said that the time is now at hand when the doctrine of closer Empire economic association must be embraced if we would not have it slip forever beyond our powers of recall.

"Once gone it were vain to suppose that lesser existing Empire agreements will long outlive it. And that being so, the day will come when we must fight in the markets of the Empire the countries of the world, shorn of that advantage which it should be in our individual interest to secure and maintain.

"To me that is unthinkable, and I appeal to national representatives here assembled in conference to forget each one of those prejudices which forbid the realization of the Empire building plan by which we all may advance to greater prosperity.

"I shall your decision with confidence. We have a common purpose. The means by which it may be fulfilled offer themselves in like measure to each one of us. In the days of our achievements we surely learned that our mutual trust and confidence were not misplaced. And with faith in the future of our Empire I cannot but believe that out of our deliberations there will come an enduring scheme of co-operation based, if you will, upon self-interest, designed to carry the Empire through all its perils into an area of commercial supremacy such as it has not heretofore known."

MACDONALD FACED WITH CHALLENGE IN BENNETT'S POLICY

Continued from Page 1

ply, and that the success of the conference will depend on his words. The Telegraph recalls that when the news of Mr. Bennett's triumph in the Dominion elections reached Great Britain it was hailed with rapture by the so-called Empire Crusaders as a victory for their cause.

"But after his plain words of yesterday, words repudiating the idea of Empire free trade, there can be no illusion, and to those words were added those of Hon. N. C. Havenga, of South Africa, who said the Union of South Africa could not afford and is not prepared to subscribe to an Empire free trade policy, there can be no further illusion.

"The old lion perishes for lack of prey and the lion's stout whelps are scattered abroad," quotes The Morning Post, in contrasting the speeches made today by Hon. R. B. Bennett, Prime Minister of Canada, and Rt. Hon. J. H. Thomas, Secretary of State for the Colonies.

"The lion's stout whelps, however, are more helpful and in more hopeful a mood than the old lion," adds The Morning Post.

"The newspaper strongly urges the British Government to accept Mr. Bennett's offer of a 10 per cent Imperial preference based upon a 10 per cent increase in general tariffs.

"The Government," said The Post, "will incur a very grave responsibility if it refuses."

CRITICIZES THOMAS

"The Dominion call for more Empire trade," is the streamer headline on The Evening News, owned by Lord Rothermere, tonight, heading a report on the Imperial Conference session and Premier Bennett's preference offer. In an introduction The News remarked: "Mr. Thomas confined himself to what he called the cold facts of trade returns. Unlike the Dominion Premier, he suggested no remedy, except 'further examination of the facts.'"

The Liberal Evening Star remarked: "Amid all the clamor of Empire free trade very little had been said about the overseas view of the Empire which have been as busy building tariff walls as suburban builders have been busy building houses, proceeding with Premier Bennett's statement that the policy of the Canadian Conservatives is that of Canada first and that of his standing four-square behind that policy."

"What does Mr. Bennett mean?" demands The Liberal News-Chronicle. "He does not offer to reduce the existing tariffs at all. If these Canadian tariffs are already high enough to keep our goods out, what does it matter to us if the duty against the entry of foreign goods into Canada is raised higher still? And what does he want us to do?" "Does Mr. Bennett wish us to place tariffs on all foreign products and goods to give the Dominions, in each case, a 10 per cent preference, or are we simply to give assurance that if we impose more tariffs we will give the 10 per cent preference to the Dominions?"

VICTORIA MAN VANISHED FROM PRINCESS JOAN

Louis Tweedie, of Home Oil Distributors, Is Reported Missing

SEEN BY STEWARD AT TICKET OFFICE

Reports that Louis H. Tweedie, well-known young business man of this city, and latterly connected with the Home Oil Distributors, was missing, following his taking passage on the S. S. Princess Joan early this week were being investigated by the Provincial Police yesterday.

Clothing and personal effects found by stewards in a cabin on the boat after she docked led to the search for Mr. Tweedie, who is believed to have taken passage on the boat, and to have conversed with a man soon after the boat got under way.

Finding no response to his summons in the morning, a steward entered the cabin and found it unoccupied.

Stewards in the room, and other personal effects had been placed, presumably the night before. The police are endeavoring to trace the whereabouts of Mr. Tweedie, who is a former officer in the Royal Air Force and generally well-known in the Victoria business community. Staff-Sergeant Owens and officers of the local division of the Provincial Police were at work on the case yesterday, checking up some unexplained factors in the case.

VANCOUVER, Oct. 8.—John Chipperfield, steward on the Princess Joan, has reported to the Canadian Pacific Railway investigation department, that he saw Mr. Tweedie near the ticket office at Pier D an hour after the steamer docked. Chipperfield declares he has known Mr. Tweedie for several years and could not be mistaken in his identification of the man.

Tweedie, he says, was dressed in an old grey sweater and trousers, not in his usual attire.

CANADA WINS SUPPORT IN TRADE STAND

Continued from Page 1

proposed committee of economic co-operation. In any event, it is not awaited with an eagerness similar to that which preceded the Bennett declaration.

For months past there have been rumors of a division within the British Cabinet over tariffs—rumors to which the silence of Mr. Thomas has given renewed life.

During this afternoon's discussion J. P. Maloney, the Australian Minister of Markets, suggested that, in view of the urgency of the situation, a special committee should be established to investigate wheat and to find means of improving the position of wheat growers throughout the British Commonwealth. The conference committee was unnecessary as the wheat situation would come under review by special committees.

NEWFOUNDLAND SUPPORTS

Sir Richard Squires, of Newfoundland, joined Mr. Bennett in the view that the time for Empire trade was now.

"This," Sir Richard said, "is a body to which not only the entire Empire but the whole world as well is looking for constructive thought, not merely through expression in polished periods but through expressed in action. The policy of Imperial preference, so ably indicated by Mr. Bennett, will certainly have the enthusiastic support of Newfoundland."

In his remarks, however, Sir Richard proceeded to explain that the position of Newfoundland was that of a country which exported most largely to foreign as distinct from British markets.

"Germany, Greece, the United States, Portugal, Spain and Italy: these are for our constructive thought, we turn the products of our industrial activities," proceeded the Prime Minister of Newfoundland, "and it is largely through these countries that we have the pound sterling and the Canadian dollar to pay for purchases we make within the Empire. In this situation, any consideration which we, as Newfoundlanders, give to the economic problem must be treated, fairly and frankly, in the light of our international as distinct from our Empire trade."

BACK PREMIER BENNETT

Premier Scullin of Australia agreed with Mr. Bennett that the conference must decide on the principle of Empire preference. "It is our duty at this conference first of all to affirm the maintenance of that principle and the extension of its operation," he declared.

Premier Forbes of New Zealand thought that tariff preferences were the most effective means of increasing inter-Empire trade. He could not too strongly urge that the United Kingdom should seriously consider tariff protection on her industries against the dumping of foreign produce, he said.

CONDEMN'S FREE TRADE

For South Africa, Hon. Mr. Havenga declared the Union could not afford and was not prepared to regard free trade between the units of the Empire as a panacea for its ills. The policy of the Union was to build up and maintain such industries as were natural to the country and essential to its development, he pointed out. Manufacturing industries had been established in the Union and they could not

exist at this stage, even against competition from within the Empire, without a protective tariff, he said.

IRISH POSITION

Patrick McGilligan, the Minister of External Affairs of the Irish Free State, declared: "The most effective test of the measure of practical co-operation which we will attain will be a test on the economic plane."

The Irish Free State, he explained, now sent 80 per cent of its exports to the members of the Commonwealth.

"I don't think," added Mr. McGilligan, "that any other member of the Commonwealth has such close association in the economic sphere, with its fellow members."

The cost on the revenues of the Irish Free State of the preferences now accorded Great Britain was almost five times the cost to Britain of preferences accorded Free State products, remarked the minister, who proceeded in significant tones:

HINTS AT PROTECTION

"The negotiations for trade agreements come, in due course, to be initiated, certain members of the Commonwealth, such as the Union of South Africa, New Zealand and India, will no doubt realize that, while the Irish Free State accords its preferential duties, no privileges whatever are accorded by them to the products of the Irish Free State."

Sir Geoffrey Corbett, of the Indian delegation, observed that while India's imports from Britain almost equaled the total of other imports put together, yet the population of India was so large that her Empire purchases were equivalent to less than a farthing in the pound per day.

"I leave to you to calculate the possibilities of expansion," Sir Geoffrey concluded.

One make of American automobile is enjoying greater sales in France than a year ago.

Sugar produced in Czechoslovakia this year is expected to weigh nearly 1,100,000 tons.

DISASTER AT BLAKEBURN IS UNDER INQUIRY

Hon. W. A. McKenzie Acts to Find Cause of Fatal Explosion

THOMAS GRAHAM WILL CONDUCT EXAMINATION

Official inquiry into the Blakeburn mine disaster, in which forty-five men lost their lives in No. 4 mine of the Coalbrook Collieries on August 13 last, was ordered yesterday by Hon. W. A. McKenzie, Minister of Mines. Thomas Graham, mining engineer of Cumberland and known for his long experience in coal workings, has been appointed to conduct the official investigation under Section 81 of the Mineral Act. Mr. Graham left last night for the scene, accompanied by James Dickson, chief mining engineer for the province.

In instructions issued to Mr. Graham, Mr. McKenzie said he desired a complete investigation be made of the conditions at the mine prior to and up to the time of the explosion which precipitated the tragedy, of the probable cause of the explosion, and advice as to any recommendations which might further safeguard the lives of those employed underground in coalfields of the province.

Mr. Graham was chief inspector of mines for British Columbia for a considerable period, before becoming general superintendent of the Canadian Collieries on Vancouver Island. He resigned the latter post to become consulting engineer at large for that organization, and is a well-known member of the Institute of Mining and Metallurgy.

Opposition Leaders Will Not Take Part in London Round Table Conference

Government's Offer to Indian Delegates May Receive Parliamentary Sanction

By CARROLL BINDER
(Copyright, 1930, by The Chicago Daily News Foreign Service.)
LONDON, Oct. 8.—Opposition leaders will not participate in the Indian round-table conference, but the opinions of Conservative and Liberal delegations to that meeting

announced today reflect the viewpoints of Stanley Baldwin and David Lloyd George faithfully.

If the opposition delegates concur in the Government's offer to the Indian delegates, it may be presumed that the project will receive Parliamentary sanction. There are some pronounced anti-nationalist diehard Britishers in the opposition delegation, notably Lord Reading, former Viceroy of India, and a Liberal leader. But it is known that the entire Conservative delegation was chosen by Baldwin in consultation with Viceroy Lord Irwin, who continues to enjoy the confidence of the more responsible elements in his party.

IRWIN PROPOSAL

These delegates may be counted upon for support of the Irwin proposal for a settlement which, in turn, has been worked out in conjunction with the India Office and important Governors of India. That project is believed to embody a form of dominion status with reservations which the more moderate Indian nationalists can accept. It is approximately what the Indian Congress party demanded about six years ago.

As announced in several earlier cables by this correspondent, both the Indian Liberals and Indian princes are coming to the round table with demands for Indian rights hardly distinguishable from those of the Gandhi supporters who boycotted the Congress.

In view of the composition of the delegations from Great Britain there is a fair prospect of the Irwin project's going through. With allowance must be made for attempts by British diehards, like Lord Reading, or for Congress irreconcilables to block a settlement.

SIMON COMMISSION

Nowhere is prophecy so dangerous as in the volatile Indian situation. However, prophecies that Sir John Simon would be omitted from the Congress deliberations have been fulfilled. It is understood that his report will likewise be shelved by the round table.

The round-table conference certainly will not lack information about India. Aside from the obvious knowledge of the Indian members, there will be among the Conservatives, Earl Peel, who was twice Secretary for India; the Marquis Zetland, former Viceroy of India, biographer of Lord Curzon and for thirty years identified with Indian affairs in various capacities; and Sir Samuel Hoare, twice Conservative Air Minister and as such in close touch with India. The fourth Conservative delegate is Oliver Stanley, a member of Parliament.

Lord Reading will have as his Liberal colleagues the Marquis of Lichfield, who has been long associated with Lloyd George in and out of the Government, and the Commissioners, Sir Robert Hamilton and Isaac Foot.

GOV'T DELEGATION

Prime Minister Ramsay MacDonald heads the Government delegation. Other members are Lord Chancellor Sankey, Secretary for India; Wedgwood Benn, Foreign Secretary; Arthur Henderson and Dominions Minister J. H. Thomas.

The Governors of Burma and the United Provinces, as well as three prominent British officials of the Government of India will serve in an advisory capacity, while other members of the Cabinet will participate when their departments are involved.

More Flesh and Rosy Cheeks for Frail Children

The Elements Extracted From Cod-Liver Oils Will Help Them. Mother—Be Sure of That

In the first place you ought to know that McCoy's Cod Liver Extract Tablets are known as a real health and weight building tonic—they do put flesh on skinny youngsters.

Perhaps they cannot gain all the strength, weight and healthy activity in 4 weeks that you want them to have, but we know that they will show such good results that we gladly make every mother of frail, ill-fed, underweight children this offer—

Give the ailing children McCoy's for 28 days—they are sugar coated and small and as easy to take as candy. At the end of that period if you are not gratified with the health and weight improvement in the little one get your money back.

So why not get 60 tablets for 60 cents at MacFarlane, Vancouver, or Owl Drug stores or any drug store anywhere—take advantage of this generous offer—just say I want

MOTORISTS FAIL TO OBSERVE STOP SIGN

Provincial Police Secure Convictions Against Violators of Rule Near Colwood Hotel

The fact that there is a stop sign on the Sooke Road, near the Colwood Hotel, where it joins the Island Highway, was brought home yesterday when ten drivers of cars were fined for failing to come to a stop there. Several of those who were called upon to answer to charges pleaded guilty, but informed the court that they were in ignorance of the fact that there was a stop sign there.

The information was given the court that, in the opinion of the drivers, the sign is not well placed. It is on the right-hand side of the Sooke Road when driving towards the city. The attention of a driver, it was pointed out, is towards his left-hand side there. In view of the fact that there is no intersecting road from the right side, while the Island Highway comes in on his left and he is anxious to see what traffic he has to contend from that direction.

Magistrate Jay called the attention of the police to the facts that were brought out, and it was promised that the situation would be looked into. Ten drivers were obliged to pay fines of \$5 each with an additional \$2 costs for overlooking the stop sign.

POULTRYMAN SPEAKS OF WORLD CONGRESS

J. R. Terry, Poultry Commissioner, Addresses Meeting of Victoria Association at Y.M.C.A.

J. R. Terry, Poultry Commissioner, was the speaker at the meeting of the Victoria Poultry Association held Monday night in the Y.M.C.A. Building, Blanshard Street. Mr. Terry, who recently returned from England where he attended the World's Poultry Congress at which there were assembled delegates from all over the world. His subject was taken from his observations at the Congress and of places he had visited while abroad. In Edinburgh he had the opportunity of inspecting one of the world's famous poultry farms established at a cost of more than \$1,000,000 and housing over 200,000 hens, and employing 130 helpers. Mr. Terry also gave a review of the matters of interest to poultrymen brought before the Congress and the beneficial results gained through the gathering of experts of foreign countries and in the assembling of valuable data for the information of the industry in general.

BRITISH IMPORTS

Mr. Terry quoted figures with reference to the import of eggs into Great Britain. He said that more than \$100,000,000 worth of eggs were imported into that country yearly and of that total \$25,000,000 worth

EMPIRE TRADE IS EMPHASIZED

Rev. Dr. C. Davies Addresses Meeting of Royal Society of St. George

PREMIER IS PRAISED

"This is one of the most epoch-making speeches which have been given in the Empire within the last quarter of a century," said Rev. Clem Davies, D.D., in describing Hon. R. B. Bennett's address to the Imperial Conference at the meeting of the Royal Society of St. George, held in the Amphion Hall last night. Dr. Davies, who took for his subject "The Motherland: Her Gifts, and Our Responsibility," stated that Mr. Bennett had made the initial move to bring the focus of the Empire spotlight upon Canada. The Motherland, he said, was "down," but not "out." He would not find a way out of her troubles, however, except by a materialization of the spirit of unity within her own household and within the Empire.

MOTHERLAND'S GIFTS
The speaker enumerated the gifts of Great Britain to her colonies and to the world at large. She had originated the idea of democracy. The very spirit which moved the American colonists to strike a blow for their country's freedom was innate in the Motherland. The principle of free speech had originated in Britain and was upheld in the British Isles. Clean politics was another of Britain's offerings to the world, it being a "sine qua non" that those of the Old Country were as far

NATURAL RELIEF FOR MOST PREVALENT DISEASE

Kellogg's ALL-BRAN Is Eaten by Millions Daily to Prevent Constipation and Anemia

Constipation has been truly described as the curse of modern life. Its poisons cause countless ills—headaches, listlessness, indigestion—often serious disease. Yet it can be relieved and prevented in an easy, pleasant, natural way. Kellogg's ALL-BRAN, eaten daily, is guaranteed to relieve both temporary and recurring constipation. It adds thoroughness to your diet that sweeps the system clean of all waste and insures regular elimination. This delicious ready-to-eat cereal also helps prevent and relieve anemia. Scientific research shows that it is rich in iron—nearly all of which is absorbed, building red blood and bringing the glorious color of health to the complexion. Isn't it much wiser to relieve constipation with this healthful cereal than to take pills and drugs that only give temporary help and are often dangerous?

Be sure to add Kellogg's ALL-BRAN to any reducing diet. Doctors recommend it. If you wish to bid goodbye forever to constipation and its companion physical troubles, just begin eating Kellogg's ALL-BRAN. Your grocer has it. It is served everywhere—in restaurants, hotels and dining-cars. With cream or milk is one popular way to eat it. When sprinkled over cereals or soups, adds flavor, as in cooked foods. Soak it in fruit juices. Whatever the style of eating, it is equally effective. In the red-and-green package—made by Kellogg in London, Ontario.

Kellogg's ALL-BRAN
Improved in Texture and Taste

UNION OF B.C. MUNICIPALITIES IN CONVENTION

Delegates From Forty-One Areas Gather at Kelowna for Meeting

TWO MOTIONS FROM VICTORIA ARE HEARD

KELOWNA, Oct. 8.—With 120 delegates present from forty-one municipalities the twenty-seventh annual convention of the Union of British Columbia Municipalities opened here this afternoon. In addition to the delegates there were present Hon. Joshua Hinchliffe, Minister of Education; Hon. J. W. Jones, M.L.A., Speaker of the Legislature; Reeve Tom Reid, M.P.; John Cornett, M.L.A., and Reginald Hayward, M.L.A., Victoria.

In the presentation of his report as secretary of the taxation committee of the union, R. F. Blandy, municipal clerk of Oak Bay, declared that "the whole picture of municipal finances, as presented by the Provincial Government in the budget speech, can hardly be accepted as accurate."

FINANCIAL REFORM
The recent session of the Legislature had shown, he declared, the difficulty of securing financial reform for municipalities and the impossibility of divorcing the question of school taxation from the larger problem of financial relations between the province and municipalities. The Legislature, he said, has taken the general view that financial necessities of the province are greater than those of municipalities and has therefore encroached on the liquor profits and motor licenses assigned to municipalities.

HOSPITAL MOTION LOST
Under the chairmanship of A. J. Pilkington, city controller, Vancouver, rapid progress was made in disposing of resolutions. A resolution sponsored by Reeve Tom Reid, of Surrey, urging an amendment to the Hospital Act, reducing the daily charge per patient from seventy cents to fifty cents, was defeated after discussion. Alderman John Bennett, of Vancouver, declared that any reduction in the present rate would be a serious matter for Vancouver.

A commendation by Burnaby that a committee be named to consider formation of a local government board was left for the new executive to deal with.

A resolution urging the Provincial Government to adopt a plan of distribution of liquor profits by which municipalities would receive a share on the same basis as in 1929 was approved without dissent.

EXEMPTION FROM JURIS
A Victoria resolution that the Government enact legislation to exempt aldermen and councillors from serving on grand or petit juries was defeated.

Another recommendation from Victoria that the Legislature enact legislation to exempt airport property while in use as such from taxation was referred to the incoming executive.

Important resolutions on which considerable discussion is anticipated include unemployment and compulsory insurance of automobiles.

The question of railway assessments was laid over for discussion pending arrival of counsel for the railways.

A resolution on school taxation and the four-year high school course is expected to come before the convention tomorrow.

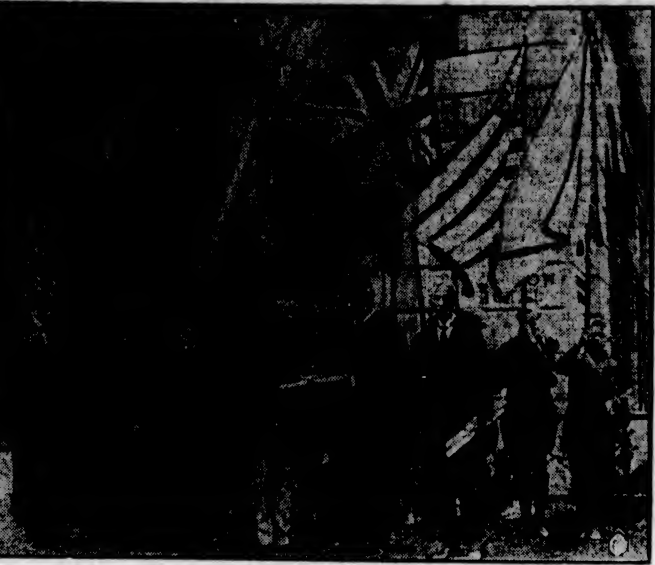

WELCOMED DELEGATES
Praise for the manner in which the municipalities were being managed was accorded in an address by Hon. J. W. Jones, Speaker of the Legislature. He was glad to see so many members of the Legislature attending the convention. The business transactions of the day, he said, a better grasp of what was required when the union's recommendations came before the Legislature, he said he realized fully the problem the municipalities had to face through increased costs of education and unemployment, and he hoped the convention would suggest some plan which would enable the Government to find a solution for their difficulties.

OFFER REFUSED
"We refused," he said. "We asked Great Britain to pay \$2 a bushel for wheat to feed her starving millions; and we left 250,000 Welsh miners high and dry, while we bought carload after carload of coal from the United States."

"We have a country of the great undeveloped resources in the world, and we should be able to take care of every one of the unemployed millions of the British Isles. Let us come to the aid of the Motherland. Let us give her a transfusion of blood. It is a question which resolves itself into Empire trade or Empire disintegration."

WILL REMIT INDEMNITY
LONDON, Oct. 8.—The Foreign Office announced today that Great Britain would remit all payments of Britain's share of the Chinese indemnity of 1901, amounting to about \$25,000,000 to the Chinese Government. The latter will apply the money to the creation of an educational endowment.

Veterans Honor Promoters of Peace

A PICTURESQUE scene in Washington as the Fido, or Allied War Veterans' Federation, honors three United States universities for their endeavors in promoting world peace. Left to right: Dr. Julius Klein, California; Professor Willard E. Dodd, of the University of Chicago; Dr. Stephen P. Duggan, director of the Institute of International Education, New York; Lieut.-Col. Fred W. Abbot, of Great Britain, president of the Fido; Dr. Noel T. Dowling, of Columbia University, and Gen. L. R. Gignilliat, of Culver Military Academy.

SAYS CONSUMER MUST GIVE PREFERENCE TO CANADIAN PRODUCTS

TORONTO, Oct. 8.—If the Canadian consumer will give preference to Canada-produced commodities, and if the farmer will diversify his operations sufficiently to produce articles for which a good Canadian market is available, then there will be a marked improvement in the ratio of the growers' return.

This is the conclusion reached by the agricultural committee of the Canadian Chambers of Commerce, and placed before the convention of that body here today.

JAMES I CHARTER IS GIVEN SHIPWRIGHTS

LONDON, Oct. 3.—By the courtesy of the Master and Elder Brethren of Trinity House the Worshipful Company of Shipwrights has been presented with the charter granted by James I in 1605 to the Shipwrights Company of England. Seven years later the company obtained a further charter, incorporating it as "The Master Wardens and Commonalty of the Art or Mystery of Shipwrights of Reddith (now Rotherhithe) in the County of Surrey." The old charter is not in good condition and the Great Seal attached to it is partly broken, but the British Museum to whom it has been entrusted for repair do wonders with old documents. The charter is a reminder of an old-standing rivalry.

The Reddith Company was the rival of the Shipwrights Company throughout the sixteenth century, as it wanted to bring the latter company under the 1612 charter. Toward the end of the seventeenth century, after much costly litigation, the Shipwrights Company was confirmed in its privileges and styled in the report of the Attorney-General of King James II as "an ancient fraternity of men of law."

The old charter of 1605 was recently found in the Trinity House archives and, though not the charter of the fraternity, is considered by the elder brethren of Trinity House to be nearly connected with it, and certainly more so than themselves. As the deputy master has put it, it represents "the scap of their enemies."

GENOVA, Italy, Oct. 3.—A "sea elephant" weighing 300 pounds and more than fifteen feet long was hauled up here by fishermen and killed with knives after a hard fight. It was the biggest of the species caught on the Ligurian coast this summer.

RECOVER BODIES OF MINERS KILLED BY GAS IN OHIO MINE

MASSILLON, Ohio, Oct. 8.—The bodies of three miners, killed by gas when trapped by fire in the Slope Mine, near Dalton early today, were recovered tonight. With the death of a rescue worker, the toll of the fire was fixed at four. Four members of a United Mine Workers' rescue squad from Pittsburgh recovered the bodies of the three miners who had died at the extreme rear of the drift tunnel, 800 feet back of the entrance. The bodies were found huddled together.

ENGINEER SURVIVORS OF R-101 DISASTER BACK AT SHORTSTOWN

CARDINGTON, England, Oct. 8.—Three engineer survivors of the R-101 disaster, H. J. Leech, A. V. Bell and J. H. Binks, returned to Shortstown, near here, in an air force motor car today from London. All were in a state of nervous exhaustion as a consequence of the tragic happenings since they left with other comrades in the great airship last Saturday, and they begged the small knot of workmen who greeted them not to ask questions or expect them to talk.

Crow-crowns: roosters at dawn. Boned turkey: a turkey lifted at dusk.

The hand of the diligent maketh rich—somebody else, usually. Black as your hat—darkness that may be felt.

Taffy in its final phase: epitaphy. Jonah was first cast down; then cast up.

Last year the Standard Oil Company refined 1,806,735,299 gallons of petroleum. And people make light of it!

Pages in waiting: books unread. Dying beyond one's means: a ten-carriage funeral after bankruptcy.

Outward bound: schoolbooks in cloth. Cheaper than dirt: soap at five cents a cake.

Half a loaf is better than no rest. Aids to reflection: pocket mirrors. Fishery question: Got a bite? Ground swells: real estate brokers.

Observing a movable feast: watching a Pullman dinner. Why do crows know more than cows? Be-caws they are educated in the higher branches.

When does a beggar stay a beggar? When he is labeled Mendicant. A naughty boy removed a sign from a barber-shop and fastened it on the door of Doctor Bokus. Why was it as useful here as in its old home? Because it said, Man-i-cure.

City & District

Adjourned Case—The case of Wing Hope, Chinese, charged with driving to the common danger, was adjourned in the provincial police court yesterday on the request of Stuart Henderson, his counsel, who wished time to look into the matter.

On Voters' List—A total of 577 licenses and householders had registered with the city clerk for the seven days ending yesterday. This is an increase of 131 over the same period of last year. The list closes October 31.

Visiting Victoria—Among the visitors in Victoria yesterday from Eastern Canada were J. W. Burnie, Montreal; R. B. Whyte, Quebec City; and S. T. Verrill, of Toronto, L. C. Hancock, of London, England, arrived yesterday afternoon, and registered at the Empress Hotel.

Strathcona Hotel—The circulation department of The Colonist wishes to tender its sincere thanks to the management of the Strathcona Hotel for the free use of its radio and telephone, which made possible the Innings by Innings bulletining of the world series baseball score.

Sancho Taxes—Tomorrow evening at 5 o'clock is the last hour at which taxes may be paid in Saanich without the addition of a 5 per cent penalty. A further addition of 5 per cent will be made on October 21 and a third 5 per cent impost on accounts not settled by October 31.

Honor R-101 Victims—Flags were flown at half-mast yesterday from the Parliament Buildings, Canadian Pacific Railway offices and ships and public buildings as a tribute to the memory of the officers and crew of the British dirigible R-101, for whom funeral services were conducted in England yesterday.

Pigeon in Chimney—While cleaning a chimney in a Japanese boarder's house, 420 North Park Street yesterday, J. O'Connell and C. Nelson discovered the dead body of a pigeon. The bird wore leg bands with the markings "2297" and "1930." It is thought probable that the pigeon struck the coping of the chimney and fell down the shaft.

Fire Demonstration—The Aero Automatic Fire Alarm System, carrying the "underwriters' approval," which has just been installed at the Canadian National Inner Harbor Docks, will be brought into use for the first time installation on Friday afternoon, at 3:30 o'clock, when a fire demonstration will be staged.

Receives Congratulations—Twenty-six years a member of the F.O.R., and the oldest Eagle in the Victoria Aerle, No. 12, James Dupen, who reached his eightieth birthday yesterday, was showered with congratulations at the regular meeting of the F.O.R., Victoria Aerle, No. 12, last night. President Lester, on behalf of the membership, congratulated Mr. Dupen on reaching such an age and wished him continued good health and happiness. It was decided to hold the frolic, slated for November 1, at the Sons of Canada Hall, View Street.

TRAVELER FOR CASKET FIRM DROPS DEAD IN UNDERTAKING OFFICE

NAKUSP, Oct. 8.—George Williams, of Vancouver, a traveler for a Vancouver casket firm, dropped dead here yesterday in a local undertaking office while discussing business with Mr. Somers, a local undertaker. Heart failure is believed to have caused death. Mr. Williams was on his way to the Coast and was making a hurried call to Nakusp.

Fatality in Strike

MALAGA, Spain, Oct. 8.—The first fatality of a dockworkers' strike which had been in progress for three weeks, occurred today when Juan Gutierrez Calderon was shot on the door of the Coast and was making a hurried call to Nakusp.

TO RELIEVE CATARRHAL DEAFNESS AND HEAD NOISES

If you have catarrhal deafness or head noises as to your throat and ear, it is a sign of catarrh of the Eustachian tube. It is a common ailment, and it is easy to prevent, cure, and it is pleasant to take. Anyone who has catarrhal deafness or head noises should give this prescription a trial. (ADVL.)

W.B.A. Review

The business meeting of Queen Alexandra Review No. 1, W.B.A., was held Monday evening in the K. of C. Hall, Government Street, with the president, Mrs. Ricketts, in the chair. The review's annual banquet will be held next meeting, Monday, October 20, in the K. of C. Hall, at 6:30 p.m. As many members as possible are urged to be present, and friends are invited. Mrs. Stephen, phone 6206L, has charge of the seating arrangements. There will be a programme after the banquet. The provincial director does not expect to visit Victoria until November. Plans were made

for a large card party of bridge and court whist to be held Wednesday, October 29, in the lodge rooms. Conveyances named were: Fridge, Mrs. Charles, phone 3722L; court whist, Mrs. Stephen, phone 6206L; refreshments, Mrs. Adams, and prizes, Miss Reid.

St. Andrew's Guild
The monthly meeting of the Women's Guild of St. Andrew's Presbyterian Church was held on Monday afternoon in the lecture room of the church, the president, Mrs. M. R. Pearce, presiding. Plans were furthered for the annual Fall bazaar to take place on Saturday November 15. Mrs. John Cochran is working with an energetic committee with the intention of making this affair a special event. In the reports from the sick and visiting committees it was stated thirty-nine calls had been made during

HOUSEHOLD HINT

CONVENIENT Button Holders—It is very helpful to keep buttons of different sizes on a safety pin, a separate pin for each size of button. Keep these pins in your sewing basket and you can locate the necessary button instantly without having to upset the button box to find the right size. A safety pin will hold about eight to twelve buttons by putting the pin through one of the holes.

the last month. A most successful jam shower was held for the Children's Aid Society. A social time and tea brought the meeting to a close. Mrs. E. H. Griffiths and Mrs. C. S. Matheson acted as hostesses on this occasion.

Canadian Daughters
The regular meeting of Far West Assembly No. 36, Canadian Daughters' League, will be held at 7:30 o'clock this evening in the New Thought Hall. Following the meeting a bridge party will be held, commencing at 8:30 o'clock. Members are requested to come and bring their friends.

The monthly meeting of the Frances Willard Branch of the W.C.T.U. will be held at the home of Mrs. Humphries, Quadra Street, today at 3 o'clock. The report of the recent W.C.T.U. convention in Vancouver will be given by Mrs. Holland. A large attendance is hoped for.

Harvey-Boggs Chapter
A bridge party will be held by the Valentine Harvey-Boggs Chapter, I.O.D.E., tomorrow afternoon in Spencer's private dining room. Tea guests will be welcomed, and players are reminded to bring their cards and score cards.

Liberal Women's Forum
The Liberal Women's Forum will hold its monthly meeting tomorrow at 2:45 o'clock, at Liberal headquarters. There will be a speaker and a musical programme.

Card Game
Friends are invited to a card game to be held in the school annex, under auspices of Quadra P.T.A. this evening at 8 o'clock. Court whist will be played and prizes awarded.

Beauty Quest Is Expensive Say Experts

WASHINGTON, D.C., Oct. 8.—Two thousand tons of rouge, 4,000 tons of face powder, 6,000 tons of bath salts, 25,000 tons of vanishing cream, 9,000 tons of complexion soap, 26,000 tons of skin lotion, and more than 50,000 tons of cold cream assist the people of the United States in annually maintaining that school-girl and schoolboy complexion. These aids of beauty cost \$250,000,000 a year. The "beautician" business in the United States is worth \$1,000,000,000 annually and ranks among the first ten, according to C. C. Cannon, of the Department of Commerce.

An odd feature of the beautification of the women is that half the tonnage is used by only 4,000,000 of the 40,000,000 women in the country. Mr. Cannon says the element of personal hygiene, the incorporation of cleanliness in cosmetology, and the increasing consciousness of men regarding personal appearance have all contributed to bring about an enormous expansion in the business. The industry is affected to some extent by business depression, but in general the demand for aids to beauty remains constant as the desire to look well.

Women's Institutes of Vancouver Island

STRAWBERRY VALE

There was a fair attendance at the combined monthly meeting and quilting bee of the Strawberry Vale W.I., held on Tuesday, with the president, Mrs. Foster, presiding. Among the correspondence was a communication from Mrs. E. M. Lachlan, asking that British Columbia lamb be asked for in buying, and enclosing booklets with recipes showing best ways of cooking it. Mrs. George Austin was appointed official delegate to the conference, which will be held this month in Victoria, with Mrs. Humphries and Mrs. Foster as alternate institute delegates. On Halloween a children's masquerade party will be held at Strawberry Vale Hall, on Burnside Road, to be followed later by a dance. Prizes will be given for those adjudged to be the two best character costumes, the two best comic costumes, and the two most original costumes.

LAKE HILL

A well-attended meeting of Lake Hill Women's Institute was held on Tuesday afternoon in the institute room, with the president, Mrs. Scott, in the chair. Arrangements were made to start a pottery class on Friday, October 17, at 7:30 o'clock. In the institute room, with Mrs. Grute as teacher. This class is open to ladies of the district, and a nominal fee will be charged. The annual children's fancy dress Halloween party, in aid of the Solarium, will be held on Saturday, November 1, from 3:30 to 9:30 o'clock. At this party donations of each fruit, jams and vegetables for the Solarium will be gratefully received. Mrs. R. W. Mercer and Mrs. Sherwin were appointed conveners. Reports for the month included two card parties, a dance and the celebration of the twenty-first birthday of the institute, held recently. Official delegates appointed for the district conference, to be held this month, were Mrs. Service and Mrs. Moody. A wool bee will be held on Thursday, October 16, for which a good attendance of members is urged. A box of daffodil bulbs was donated by the president to be distributed to the children of the district. This matter was left in the hands of the agricultural convener. A special invitation was given the members to attend the opening of the new gymnasium on Friday evening. At the close of the meeting, tea was served by Mrs. Harris and Mrs. Lemon.

Chemainus

Mr. and Mrs. J. H. Cowans, accompanied by their little son, Donald, were recent visitors to Victoria. Miss Margaret Gore, who has been visiting in Chemainus, the guest of Miss Elsie Jacobson, has left for her home in Portland, Oregon. Mr. Leroy Jacobson has returned to the University of Washington after spending the vacation in Chemainus with his parents, Mr. and Mrs. G. Jacobson. Mrs. F. Sooke
Mr. and Mrs. F. Dier and family have taken up residence on Murray Road.

The annual pound party will be held at the Orphan's Home this afternoon, from 3 till 6 o'clock. Afternoon tea will be served and provided by the ladies' committee.

ORPHEUS TRIO BEGIN SEASON

Victoria Musical Art Society's First Programme Proves Very Attractive

ENJOY ENSEMBLE WORK

The Victoria Musical Art Society opened in a very promising way Tuesday evening when the Orpheus Trio, of Vancouver, gave a programme at the Shrine Auditorium in the presence of an audience of about three hundred people.

This delightful little group, composed of Margaret Ferguson, violin; Mildred Johnson, cello, and Alberta King, piano, are particularly happy in their ensemble work, although both the violinist and the cellist were heard in solo numbers. As a trio they play with the true ensemble spirit, renouncing any inclination to set themselves as individual musicians, yet catching the same intention in interpretation. Their first concerted numbers were the Haydn "Andante," a Schubert "Minuet" and an allegro by Mozart. These had the classical delicacy, precision and clarity and were played with an unaffected freshness which was very pleasing. The Gade trio in F Major and a final group, including two Chaminade numbers, Debussy's "The Bells" and a Glazounow composition, completed their presentation as an ensemble. In the Gade and Chaminade numbers there was a particularly happy quality, the similarity of style in the former giving it the effect of being the product of a one-minded triad of instruments. The two Chaminade numbers had grace, lightness and daintiness in unusual measure.

The cellist's contribution was particularly popular among the solo numbers, the tone having a warmth and vibrancy which made it an expressive medium for such things as the Popper "Widmung" and the Glazounow "Chant du Menestrel" and "Melodie Arabe." The coloring employed in the "Widmung" was exceptionally fine. The violinist's most popular numbers were the little encore, "La Preclieuse" (Couperin), which showed very clear technique, and Sauer's "Scottish Pastorale," where the fingering was deft and the bowing firm.

Mrs. J. O. Cameron, president of the society, entertained the musicians and executive of the club at her home, 1085 Moss Street, after the recital.

Mayne Island

Mrs. Hopken was in Vancouver last week and returned home per Ss. Royal on Monday.

Mrs. M. Zangier, of Buffalo, N.Y., arrived on Saturday and is the guest of Mrs. George Maude.

Miss Clare Rose, R.N., has received an appointment under the Provincial Department of Health, and will shortly take up her duties at the Saanich Health Centre.

Lady Constance Fawkes received a surprise birthday party on Saturday.

ENGLISH AUTHOR IS SUBJECT OF LECTURE

Mrs. Steeves, of Vancouver, Gives Women's Canadian Club Intimate Picture of Mary Webb

An intimate and charming character sketch of the late Mary Webb, author of "Precious Bane," "Gone to Earth," and other novels which won her posthumous fame with the readers of English literature the world over, was given by Mrs. R. P. Steeves, of Vancouver, for the big audience which attended the meeting of the Women's Canadian Club at the Empress Hotel Tuesday afternoon.

Coupled with the portrait of Mary Webb was a clever and sympathetic appreciation of her writings, including some of her poetry and essays. But the sketch of the author's personal life and surroundings by one who had known her provided the most interesting. Mrs. Steeves' memories dated back to her own girlhood, when she had been apparently, a frequent visitor at the Meredith home in Shropshire on the Welsh border, and because of its proximity to Wales, enveloped with "the peculiar charm and flavor which is not altogether Saxon."

Mary Webb, whose maiden name was Gladys Meredith, was a semi-invalid for many years prior to her marriage to Bertram Webb, but later she threw off this frailty and became an active and energetic woman who managed the business of the little country property which she and her husband took.

Mrs. Steeves gave a graphic picture of the Shropshire country, of the Meredith home, and of Mary Webb's whimsical and lovable father who served as the prototype for more than one of her fictional characters. The family lived in an old mill "of inconspicuous passages and infested with rats and mice, so that the night was full of strange creakings and squeakings." But the vermin which were a cause of fright to guests were part of the great animal kingdom which the nature-loving Mary Webb considered as her intimate friends.

An interesting tradition in the Meredith family has a connection with British Columbia. Mrs. Steeves recalled that every generation in the family produced a writer of note. George Meredith was a distant connection; Gladys Meredith (Mary Webb) was the representative in her generation; and a still younger connection, a girl of fifteen living in Vancouver, shows outstanding talent as a writer, Mrs. Steeves said.

Sooke
Mr. and Mrs. F. Dier and family have taken up residence on Murray Road.

This is Robert's favorite recipe

"This," says Robert, the Clark chef, "is my favorite way of serving Clark's Cooked Spaghetti... It is really delicious." First take some Clark's Dried Ham.

Then spread the spaghetti over the ham and toast and, as a finishing touch before serving, drap a poached egg on top.

Sweet, tender spaghetti—Tomato Sauce made from big, red ripe, luscious tomatoes, and, oh, yes! here's the secret... a rich, creamy cheese flavor—not merely some cheese added, but cheese blended right into the tomato sauce... that's Clark's Cooked Spaghetti.

... It must be GOOD!

Westies and Dockers To Battle Saturday In Soccer Feature

Greenshirts and Esquimalt to Clash at Victoria West Park in Senior Football Fixture—Jokers to Meet City—Thistles Will Face Churchmen

Victoria West vs. Esquimalt, at Victoria West Park. Referee, "Scotty" McKay. Jokers vs. Victoria City, at Beacon Hill. Referee, Armstrong. Saanich Thistles vs. Five Cs, at Central Park, upper ground. Referee, "Scotty" Downes.

Above is the list of senior football fixtures for the soccer fans Saturday, as President William Thompson, of the Victoria and District Senior Football League announced them yesterday. Owing to the fact that the Canadian rugger will be occupying the Royal Athletic Park the footballers will be playing at the Central, Beacon Hill and Victoria West Parks. All three games will get away at 3 o'clock.

Doc Poyntz will send his Victoria West eleven against the much-strengthened Esquimalt squad in an endeavor to chalk up his first victory. Last Saturday the Greenshirts dropped their opening fixture to the Jokers, 2-1, after holding the lead up to the dying moments. As time was drawing near, the Jokers let loose with a vigorous attack which netted them two goals and victory.

ESQUIMALT STRONG
Esquimalt, on the other hand, held Saanich Thistles, last year's champions, to an one-all score after a merry battle. The eleven from the dockyard village is considerably stronger than twelve months ago and their showing in the opening game makes them strong contenders.

Famous Infield of Pennant Winners

Strike two, called. Ball one, outside. Earnshaw struck out, swinging at a fast ball for the third strike. Bishop up. Strike one, called. Strike two, called. Ball hit Bishop on the arm, and he took first base. Dykes up. Hallahan threw to first, but Bishop stepped on him. Ball one, inside. Ball two, high. Bishop went to second when Wilson let the ball get away. It was a passed ball. Ball three, high. Ball four, high. Dykes walked for the second time. Cochran up. Foul, into stands back of plate, strike one. Foul, back of plate, strike two. Ball one, low. Ball two, high. Cochran fouled to Adams, who ran nearly to the stands to make the catch. No runs, no hits, no errors, two left.

THIRD INNING
Cardinals—Wilson up. Strike one, called. Ball one, low. Strike two, swinging. Wilson grounded to Dykes and was thrown out to Fox. Gilbert up. Gilbert batted to Simmons in centre. Fisher batted for Hallahan. Fisher hit to left field for two bases. Douthit up. Ball one, inside. Fisher hit to left field for two bases. Douthit up. Ball one, outside. Douthit hit a roller to Boley and was out at first. Grove went down to Athletics' bull pen at the inning ended. No runs, no errors, one left.

FOURTH INNING
Cardinals—Simmons moved over to left field for the Athletics and did all year. The Athletics' statistics are not at hand here, but they must have worked in eighty-five or ninety games, one way or another. Yet they were the two who brought Connie Mack another flag to fly above his wigwag, the fifth world emblem of his fifty-year career in the game he has loved all that time. He won his eighth pennant and his fifth world series, with only one outstanding ball players, including two pitchers. The others hustled for him, but they were not born to the purple glow of baseball fame.

And when the last man filed out in the final game, some 32,000 fans stood up and gave Mack their answer in a closing sonata that must have found its way to the Cardinal's ears in St. Louis. More he has thrown away the ride and the machine gun for the heavy artillery. One more he has gone in for big blast, seven hits for nineteen bases, seven hits and not a single.

FIRST INNING
Cardinals—Douthit up. Strike one, called. Foul into the stands back of first. Strike two, swinging at third one on a curve. Adams up. Ball one, high. Strike one, called. Foul into the stands back of first. Strike two, fouling on top of stands back of plate. Adams walked to Fox and was out unassisted. Watkins up. Ball one, outside. Ball two, outside. Strike one, swinging. Strike two, swinging. Strike three, Watkins swung hard at the third ball. No runs, no hits, no errors, none left.

SECOND INNING
Cardinals—Bishop up. Ball one, high. Strike one, called. Bishop hit a fly to Frisch near second base. Dykes up. Dykes was given a big hand. Ball one, high. Strike one, called. Ball two, high. Ball three, low. Strike two, called. Foul into stands along left field line. Ball four, high. Dykes walked. Cochran up. Strike one, called. Cochran hit to right field and Dykes scored. Cochran went to third. It was a base hit. Watkins was charged with an error when the ball rolled through him. Simmons up. Ball one, low. Strike one, swinging. Strike two, called. It was fast. Simmons struck out, swinging hard at the third strike. Fox up. He was cheered. Strike one, swinging. Foul into stands back of first. Strike two. Ball one, inside. Foul fouled among the third base line. Hallahan let it roll outside. Ball two, outside. Ball three, high. Ball four, outside. Fox walked. Miller up. Ball one, inside. Ball two, low. Cochran scored on Miller's double to centre. Fox went to third. Watkins made a great play to hold the ball to a double. Moore up. Moore lifted a fly to Douthit on the first pitched ball. Two runs, two hits, one error, two left.

THIRD INNING
Cardinals—Frisch up. Foul into the stands back of first. Strike one. Ball one, inside. Ball two, inside. Frisch fled to Simmons, who made a running catch in deep centre. Hefay up. Ball one, outside. Strike one, called. Strike two, he swung. Ball two, outside. Foul into the stands back of the plate. Foul tip, strike two. Foul on top plate. Hefay hit a high fly to Simmons in centre. Bottomley up. Foul back of plate, strike one. Strike two, swinging. Strike three. Bottomley struck out, swinging at the third one. As his ninth strike out of the series. No runs, no hits, no errors, none left.

FOURTH INNING
Cardinals—Boley up. Strike one, called. Gilbert batted for Simmons. Boley was thrown out to Bottomley. Earnshaw up. He was applauded. Foul into stands back of Cards' dugout.

TERRE HAUTE FIGHTER TO MEET FIELDING SOON

Local Lightweight to Have Tough Battle in Ten-Round Main Event in Spokane

Tommy Fielding, local junior lightweight, has been promised a ten-round bout at Spokane with Bud Taylor, the hard-hitting mitt welder from Terre Haute. Fielding, who has just returned to the city from a tour of the Pacific Coast, looks in the pink of condition after the four bouts in which he engaged. He gained one draw, one decision and two knockouts. The bout with Taylor will take place on October 17 in Spokane, and Tommy will remain in the city until a few days before that time, going through vigorous workouts each day at the Tulicun gymnasium.

Fielding is now under the management of Dave Miller, Tacoma sportsman, and has agreed to make the required weight of 130 pounds by the time of the bout. His present weight is 133 pounds, and he should have little difficulty in taking off the extra three pounds. As Taylor is a boy with plenty of experience, this will be Tommy's big chance to make a name for himself. Up to date, Taylor has engaged in over 119 bouts. Of these he has had twenty-seven knockouts, thirty-four decisions, three draws, knocked out in two, lost six and in forty-seven of them there was no decision. The Terre Haute boy has had two losses, one to a local fighter, a fowl, and the other by a decision in ten rounds.

Young Stribling Will Battle K.O. Christner, Oct. 23

NEWARK, N.J., Sept. 8.—The Velodrome A.C. announced today the signing of Young Stribling, Georgia heavyweight, and K.O. Christner, Ohio, for a ten-round fight at the Newark Armory, October 23. It will be Stribling's first fight in America since his sensational knockout of Phil Scott.

Mrs. E. McQuade and Harold Lineham Win Mixed Golf Tourney

Mrs. E. McQuade and Harold Lineham captured the mixed foursome competition at the Colwood Golf Club with a gross score of 89, which their handicap of sixteen reduced to a net 73. Mrs. J. H. Richardson and P. Edmondson finished second with a net card of 79.

FAY BOOSTS STOCK BY KENNEDY VICTORY

LOS ANGELES, Oct. 8.—Al Fay, California, Pa., heavyweight, and protégé of Jack Kearns, today were perched among the foremost of this section's leading boxers in his weight class through a clean ten-round victory here last night over Les Kennedy, Long Beach, California, longshoreman.

COAST LEAGUE BALL

At San Francisco—R. H. E. Portland 6 12 1

Recruits—Vacancies exist for a few desirable young men. Recruits may be attested on Friday nights. Provincial School (Mobile) will commence on Monday, October 13, at the Armories at 8.30 pm. S. R. BOWDEN, Captain and Adjutant, 5th B.C. Coast Brigade, C.A.

ANOTHER DRIVE AGAINST TRIBESMEN IS PLANNED

SIMLA, India, Oct. 8.—Further military operations against Afridi tribesmen on the Northwest Frontier Province border are expected in the near future. It is understood here the matter has been considered fully by both Simla and Whitehall and that a Government statement will be issued tomorrow. Menacing attitude of some of the tribesmen is indicated by reports from Tiship saying the leading Kunimel and Chahber were on route with followers to attend a conference with Government representatives when they were forced to turn back by the hostile tribesmen.

Geese raising does not receive the attention of the farming community that the business warrants, as sets poultry experts of the Dominion Department of Agriculture. The farm is the natural habitat of the geese, providing those two great essentials to successful geese raising—free range and an abundance of green foods. Raising a flock of geese is one means by which the farmer can reap a good reward with a very small investment and comparatively little labor. Geese command a good price on the Christmas market and the demand is always greater than the supply.

A new transatlantic liner to be built on the Clyde, in Scotland, will cost \$30,000,000.

An extensive programme for improving railway service of Government lines has been outlined by Rumania.

OVERCOATS

Smart New Styles at Very Moderate Prices

THEY'RE superbly smart, these new coats in fine Chinchilla, herringbones and Whiteheads. They're tailored to win the approval of well-groomed men and they're cut from cloths of a weight specially chosen for the Victoria climate—not too heavy, not too light, but just right. Colors are blues, Oxford grey and blue greys. Splendid value at prices from

NOVEL TYPE OF FILM
AT CAPITOL THEATRE"The White Hell of Pitz Palu" Is
Sensational Drama of Life
in Alps

As an amazing spectacle and
tense human drama, "The White
Hell of Pitz Palu," which opens at
the Capitol Theatre today, is sensa-
tional motion picture fare. More
than that, it is an absolutely new
kind of picture. For the first time
in a dramatic photoplay, the most
famous voice in the world—Graham
McNamee—is heard in a vocal
dramatization of the tense drama,
and astonishing thrills as they are
unfolded on the screen.

McNamee, who is the star an-
nouncer of the National Broad-
casting Company and already famous
on the screen as the talking re-
porter of the Universal newspaper
newsreel, heightens the breath-
taking suspense by his vivid and
colorful talk from the screen.

Nothing like this has ever been
done in pictures before, and the
effect is not only startlingly real-
istic, but marks a precedent—
most revolutionary since talking
pictures began.

PIONEER DAYS SHOWN
IN COLUMBIA PICTURE

The epic sweep of the old West
is the background of the picture
"Song of the West," Warner Bros.
latest 100 per cent natural color,
singing, talking, dancing picture in
technicolor, coming to the Columbia
Theatre today, is laid.

Drama and comedy are inter-
mingled in this tale of pioneer days.
The story starts at old Fort Inde-
pendence, and moves along with the
westward march of the pioneers to
the California mining towns, San
Francisco and the Golden Gate. A
dramatic love story, which concerns
a young deserter, and several of the
crinoline ladies of the covered
wagon caravan, is the core of the
drama.

John Boles and Vivienne Segal

AMUSEMENTS

On the Screen
Capitol—"White Hell of Pitz
Palu."
Coliseum—Lawrence Tibbett
in "The Rogue Song."

play the leads, and Marie Wells,
Joe E. Brown and Sam Hardy are
in the cast.

PLAYHOUSE Uncle Sam's rough-
THEATRE est riders, Troopers
of the United States
Cavalry, are the heroes of "Troopers
Three," a spectacular outdoor all-
talking picture produced by Tri-
fany with all sorts of approval and
co-operation of the cavalry division.
It is now showing at the Playhouse
Theatre.

FOUR MARX BROTHERS
RETURN TO DOMINIONStars of "Cocoanuts" Appear in
Screaming Comedy Entitled,
"Animal Crackers"

Buttons anchored to home ports
with anything less than the best
grade of brass rivets or steel cable,
have a delicate tenure of office to-
day at the Dominion Theatre,
where the four famous and fur-
iously funny Marx brothers are do-
ing in "Animal Crackers" for the
balance of this week, something
fifty million ribs cracked, lovers of
comedy believed impossible. They've
made a talking and musical picture
that takes up where "The Coco-
anuts" left off, and ends with the
last survivor being carried up alive
by force, three strong ushers, and
well—who is your favorite escort to
the stage? "Halt!" The making of
the stage version into a photoplay
dynamite was entrusted to the di-
rection of Victor Heerman, con-
tributing in no small way to the
general happy results.

"THE ROGUE SONG" IS
FEATURE AT COLISEUM

"The Rogue Song," heralded as
one of the most elaborate all-1930
calendar of Metro-Goldwyn-Mayer,
will open today at the Coliseum
Theatre with Lawrence Tibbett,
Metropolitan opera star at its fea-
tured player, and a supporting cast
which includes Catherine Dale
Owen, Wallace Macdonald, Judith
Vesselli, Rex Lease, Lionel Belmore,
James Bradbury, Jr., Nance O'Neil,
Burr McIntosh, Florence Lake and
the Roach comedy team of Laurel
and Hardy. The production, which
filmed entirely in technicolor and
was directed by Lionel Barrymore.

COCKROACHES RACED
IN "JOURNEY'S END"

Have you ever bet your all on a
cockroach race? Cheering these
pestiferous insects over the line is
a favorite indoor dugout sport in
"Journey's End," the Tiffany-Gains-
borough all-talking version of R. C.
Sheriff's famous war play coming
next week to the Playhouse Theatre.
Captain Hardy, returning from the
front line after six days up, tells the
rules to Lieutenant Osborne, of the
company taking over.

OUTSTANDING CONCERT
WILL BE GIVEN HERE

Significant events which will
double the rank of the outstanding
features of the local musical ses-
son are the two concerts to be given
here by the world-famous Royal
Russian Chorus on October 15 and
16 at the Royal Victoria Theatre.
Under the direction of Princess
Margaret Agreva Slavianaky,
daughter of Prince Demitro Agre-
nera Slavianaky, who founded the
choir in 1840, this group of twenty
singers will visit us as a part of
their Pacific Coast tour, which also
includes Vancouver.

Much additional local interest is
gained by the appearance, as guest
soloist, of Countess Jean de Suzannet,
whose lovely voice has always
delights. She recently ap-
peared, with much success, with
this organization in its Vancouver
and Seattle concerts.

A man was in the habit of open-
ing the Bible at random and taking
the first thing his eye alighted upon
as something that would be helpful
to him.

One day the verse he read was,
"Judas went out and hanged him-
self," and not thinking this quite
suitable he shut the Book and
opened it again at another place.
The verse his eyes fell upon was,
"Go thou and do likewise."

He tried again, and this time, to
his amusement, he read, "What
thou doest, do quickly."

The comedian was put on the
stage to warm up the audience.
For five minutes he cracked his
jokes, but not a murmur of applause
did he receive.

At last he decided to give the
audience his final and best joke.
He told it! But once again it was
received in a stony silence.

"I suppose," he ventured as he
was about to leave the stage, "you'll
laugh at that joke next year."

"No," said a voice from the gal-
lery, "but we did last year."

WORLD-FAMOUS CHOIR
TO BE HEARD HERE

Victoria music lovers will be ex-
ceedingly interested in the an-
nouncement that Laurence Lam-
bert, the Hollywood impresario, is
now managing the Agreva-
Slavianaky Royal Russian Chorus
for the entire United States and
Canada, and that they will give two
concerts in Victoria on October 15
and 16.

The Royal Russian Chorus has
come to the Western territory di-
rect from New York, where they
were engaged as a special feature
for the Morris Galt production of
the famous Passion Play and
Miracle Play. They also gave five-
teen capacity concerts in Carnegie
Hall, New York, and over 100 suc-
cessful concerts throughout the
East. There are twenty members
in the present choir and some of
them are direct descendants of
original members of the 1840 choir.

"TUG" FOR BIG AIRSHIPS

First of its kind in Britain and
largest in the world, a "tug" for
airships is to be installed at Gard-
ington, England, where R100 and
R101 are stationed. It will be a
moving pyramid of steel, eighty

feet high, and will be used to trans-
port Britain's largest airships from
the mooring mast to the shed.
The device will be fitted with cater-
pillar movement at the base, and a
winch to pull down the airship
from the level of the mooring mast
to the height of the shed.

MARINE and TRANSPORTATION

Pride of Fishing Fleets
Will Sail Off Gloucester
For Lipton Trophy Today

On the eve of the opening race of the international fishermen's series between the Gloucester, N.S., and the Gloucester, N.S., the Gloucester, N.S., will sail off Gloucester, N.S., for the Lipton Trophy today.

SEAMS OPENED UP

A trial spin today rolled some of the caulking out of her seams. She returned to port this afternoon after a brisk workout, leaving today, after water over her ballast. Her veteran skipper, Captain Ben Pine, was confident, however, she would be ready for the starting signal at 10 o'clock tomorrow morning. A corps of workmen was put to work on her.

STILL FAST SAILER

The invading Gloucester also was out for a trial, which served to stretch her new canvas and acquaint her skipper, Captain Angus Walters, with the race course. Captain Walters did not force Gloucester. He set only four lower sails and no topsails, yet over much of the course the big Gloucester logged a generous thirteen knots. Her time for one six-mile run was 27 minutes.

PURSE WITH CUP

The series will mark a resumption of the international fishermen's contests after a lapse of seven years. During that period Gloucester

schooners have raced among themselves, and the fishermen of the Maritime Provinces have done the same thing.

The cup will go to the schooner first to win two races over a triangular course of approximately thirty-seven nautical miles, and with it the greater part of a large purse.

ATLANTIC CHAMPIONSHIP

When the series off Gloucester has been sailed, the two schooners are scheduled to leave for Halifax, N.S., and off that port to race for the old Dennis Cup, emblematic of sailing championship of the North Atlantic.

Gloucester is considerably larger than Thebaud, and carries an appreciably larger spread of sail. But she is not more than nine years old, and, rightly or wrongly, it has been said she no longer possesses the speed of her youth.

Appointed to Position
at Mainland Port

R. R. Liddell, veteran engineer of Canadian Pacific Lines, recently appointed superintendent of the company's Pacific ships, with headquarters at Vancouver.

R. R. LIDDELL

Veteran engineer of Canadian Pacific Lines, recently appointed superintendent of the company's Pacific ships, with headquarters at Vancouver.

VETERAN ENGINEER IS
NOW SUPERINTENDENT

Canadian Pacific Places R. R. Liddell in Charge of Its Pacific Ships

Veteran of thirty-two years of seafaring, R. R. Liddell, late of Southampton and Glasgow, where he occupied the positions of superintendent engineer and assistant superintendent engineer, has taken over his new position of superintendent engineer of Canadian Pacific Steamships at Vancouver.

MADE LIEUTENANT

Mr. Liddell went to sea in 1898 and served for ten years on various lines until 1909, when he joined the rapidly-growing fleet of Canadian Pacific Steamships on the Atlantic as a junior engineer on the old Empress of Ireland, in which he was a shipmate of Captain R. W. Murray, marine superintendent of Canadian Pacific's B.C. Coast steamship service here. He was on the Empress of Ireland May 29, 1914, when the liner was rammed by an oil tanker and went down in a fog on the St. Lawrence River. Later, he joined the Empress of Britain, an intermediate third engineer, and at the outbreak of war, when his ship was transferred to naval duty, he should be continued. He served on the British till the end of the war, signing clear of naval articles in July, 1919, when he entered the Fairfield Engineering dock at Glasgow to be re-engined.

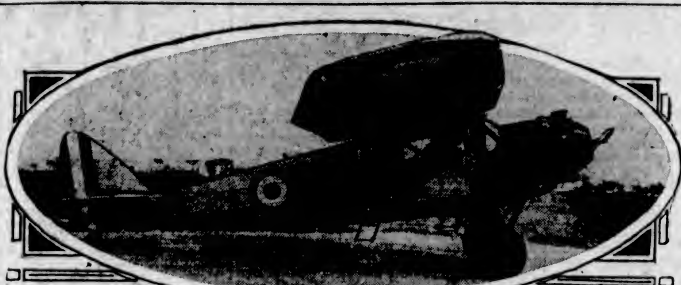

WIDE EXPERIENCE

The newly-appointed superintendent engineer at Vancouver, employed by Glasgow until the Empress of Britain was reconditioned, the work including her conversion to oil-burning boiler, going to the Empress of Scotland in 1920 as assistant chief engineer. In June, 1923, he became assistant superintendent engineer at Hamburg, Antwerp, Southampton and Glasgow.

SPECIAL TYPE ENGINE

His direct and constant contact with the changing styles of advanced types of water-tube boilers and geared turbines over a long period of years has given Mr. Liddell an enviable insight into the mechanical features of the Canadian Pacific's new Empress liners. The Empress of Australia, Empress of Canada, Empress of Japan, Empress of Britain and the four 20,000-ton Duchess liners on the Atlantic are fitted with a special kind of engine peculiar to Canadian Pacific liners which Mr. Liddell, in his work as superintendent engineer at Glasgow, understood as well as their designer, John Thompson, chief engineer of the Canadian Pacific steamships at London. Mr. Liddell is fitted with a special kind of engine for the Pacific fleet. Mr. Harry Burgess, who has retired from service.

Hawk Moth for National Defence

REPRODUCED above is a photograph of one of the Hawk Moth airplanes made by De Havilland Aircraft Company at Mount Dennis, Ont., and delivered to the Department of National Defence at Ottawa. This particular machine was piloted to its destination by E. Leigh-Caprell, well-known pilot, and G. S. O'Brien.

BOAT NEARLY READY
ABOVE GORGE BRIDGE

Rodd Brothers Making Fine Job of Hull for Department of Indian Affairs

At the boatbuilding plant of Rodd Brothers, on the Gorge waterfront, the hull being constructed to the order of the Department of Indian Affairs, is rapidly nearing completion, and should be ready for launching well within the time specified in the contract.

The hull is completely planked, the decking finished and the interior and the upper works well advanced. The planking of the boat is fir below the waterline and yellow cedar above, the decking being of red cedar, which will be canvas-covered. The keel is of fir, and the stem and transoms of yellow cedar. The housework will be of yellow cedar. The keel is of fir, and the stem and transoms of yellow cedar.

Officers of the boat will have commodious and convenient quarters aft, the engine-room is amidships, while there is good accommodation forward for Indian passengers, whom it may be necessary to transport from time to time.

The engine will be installed after the boat is launched, and will be a sixty-horsepower standard Diesel, which should propel the boat at a speed of ten knots an hour. The boat is fifty-five feet in length, has a breadth of twelve feet and a draft of four feet six inches. She was designed by Adams & Geary, of Victoria, and is being built under the supervision of H. Chan, foreman at the Rodd Brothers' plant.

WOULD REDUCE FLEET
OF NATIONAL SHIPS

TORONTO, Oct. 7.—The Canadian Government Merchant Marine, limited, would be further reduced if a recommendation of the transportation committee, Canadian Chamber of Commerce, was adopted. The committee was invited by the national executive of the body to make a study of the merchant marine.

REPORT PRESENTED

In its report, presented at the annual convention here, the committee says in part: "The committee desires to make it quite clear that it is only in conjunction with the former Canadian Government Merchant Marine, limited, that this study is being made, and that the Canada-India service does not enter into the inquiry."

REPLACEMENTS NECESSARY

"There is considerable variance among the members of your committee as to a policy of replacement by modern ships. In my own opinion, however, this course would seem to be inevitable for the services which are to be continued. It is further believed that the need for Government-operated boats is stated in the time of the organization of the Canadian Government Merchant Marine, limited, does not now exist to the same perceptible degree, except in the case of the services to South America, Australia and New Zealand."

FURNISH LINE SHIP
DUE HERE TONIGHT

From the United Kingdom, via Panama and California ports, the Furness Line Mr. Pacific Trader will arrive at William Head at 7 o'clock this evening, according to a wireless message from Captain J. McCulloch received by King Bros. local agents for the line, yesterday afternoon. This should permit her to berth at Rithet Piers by 8:30 o'clock.

Ocean and Coastwise Movements

Vessel Movements

Why BOVRIL prevents that Sinking Feeling

Why is it that one has such a fine feeling of buoyancy after drinking a cup of Bovril? Modern research has shown that in addition to proteins of exceptionally high food value, beef has certain unique powers of stimulating cellular activity—that is to say of stimulating vitality.

Bovril is the concentrated essence of this "vitality power" of beef. That is why Bovril is such a powerful stimulant and sustainer, why, in fact, "Bovril prevents that sinking feeling."

PROFESSOR IS ADVOCATE FOR MODERN YOUTH

Dr. G. C. Sedgewick Addresses Victoria Ass'n of High School Teachers

SHOWS HOW SCIENCE AFFECTS LITERATURE

Contrary to the views of some critics, the young people of today are more amenable, more kindly, more generous in their attitude toward their teachers than the youth of twenty-five years ago, maintains Professor G. C. Sedgewick, of the faculty of the University of British Columbia, who was the speaker at the dinner meeting of the Victoria Association of High School Teachers on Tuesday evening at the High School.

Dr. Sedgewick intimated his subject in a general way early in his discourse, talk when he referred to some books which he had recently read and which, although not scientific works, carried in them the impress of the modern scientist's viewpoint as represented in Eddington's "Nature of the Physical World," Jean's "The Universe Around Us," Jennings' "Biological Basis of Human Nature" and Haldane's "Philosophy of Science." Facial antipathies, the relation of science to art and the influence of science on literature, the relative place of modern youth in the scheme of things and a brief study of his reactions and behavior as compared with those of an earlier generation, the prime cause and ultimate end of life were all touched upon by the speaker in the course of his address.

Science, he noted, had in the last fifty years made an enormous impact on the arts, more than at any previous time. Dr. Sedgewick maintained that the scientific researches of the last fifty years had influenced not only literature but the whole of human culture. The speaker particularly referred to the changed relations between the teacher and the pupil. Teachers were now more understanding, more tolerant, alive to the fact that the child came to school unconsciously endowed with the disposition and tendencies which it would carry through life.

Dr. Sedgewick thought the changes in the modern day were for the better. They were based on more exact knowledge. The student today must be allowed room for experimentation; studies must not be imposed from without. The lifting of these inhibitions was to the good. The school teacher today, the speaker with the knowledge of forty years' experience, had a much easier time than twenty-five years ago, despite the criticism of certain old fogies concerning "the present generation."

Youngsters now work harder, they are more amenable, more kindly, more generous and cleaner than "our young men," he maintained in conclusion. Miss Ethel Macfarlane, the new president, occupied the chair and expressed the thanks of the gathering to the speaker.

Burgess Bedtime Stories

An Underground House

By THORNTON W. BURGESS

Be careful how and when you speak. But keep your tongue within your check.

—Impy the Chipmunk.

Impy, the black chipmunk, was happy. Impy was working, and that was why he was happy. Nothing makes for greater happiness than work. I know that some of you will have hard work to believe this. You think that play makes for happiness. Play does make for happiness, but not the kind of happiness you get from work well done. Ask Striped Chipmunk if that isn't so. Ask Impy.

Impy had never done any work before. He had done nothing but play. You see, while he was growing up there was nothing for him to do but to eat, sleep and play. But now that he wanted a home of his own, he must work to get it, and he was working.

"I want to get a good bedroom," said Impy, as he dug and pushed the sand out in a shining heap. More of that sand had to go out on the surface you know. He did find some places where he could pack sand in around some stones, and this helped. "Yes, sir," continued Impy, talking to himself for lack of any one else to talk to. "I want a good, comfortable bedroom, and I want it deep enough in the ground to be comfortable in the cold winter I've heard about. Of course, I have never known a winter yet, but from all I've been told, it is well to be far enough down in the ground to be warm. I may as well build it now as by and bye. Besides, I want it to sleep in."

So when Impy reached the right point, or what he thought was the right point, he began digging a bedroom. It was oval in shape and big enough to accommodate more than himself. You see, Impy believed in being comfortable. He intended to make a good bed in there and have plenty of room to turn around, as the saying is. Once in a while he would step outside to rest, for digging is hard work. He would climb up on the pile of stones or sometimes on a fencepost. Once as he climbed up on a fencepost he discovered Blacky the Crow sitting on the next fencepost.

"Well, well!" exclaimed Blacky. "Who told you you could wear black? Black belongs to my family. Where is your striped coat?" "I haven't a striped coat," replied Impy. "Black may belong to your family, but it belongs to me. This black coat, and there is nothing for me to do but to wear it."

Blacky nodded. "That's right," said he. "We all have to do what Mother Nature tells us we must do. But, tell me, where did you come from and what are you doing here? Are you one of Striped Chipmunk's children?"

Impy nodded and answered the last question first. "Striped Chipmunk is my father," said he. "and, of course, I came from the old stone wall. As to what I am doing here, that is my business."

The eyes of Blacky the Crow twinkled. "Of course," said he. "of course. Have you decided to make a home here, or are you going on to see more of the Great World?" "That, too, is my business," said he. "And I suppose that little pile of sand over back of those stones is

"Who told you you could wear black?"

your business, too," said Blacky. "However, I won't tell anybody about it. No, sir. I won't tell anybody about it."

Impy couldn't find a word to say, so he whisked down the post and disappeared in the pile of stones, while Blacky the Crow chuckled.

The next story: "Striped Chipmunk Gives Advice."

How IT STARTED

JEAN NEWTON

WHY DO WE CALL IT "PROPAGANDA?"

Any concerted attempt to influence public opinion, any systematic effort to mold popular thought, any scheme whose main purpose is to spread of instill a particular doctrine or conception may rightly be included in the term propaganda.

While this idea of propaganda serves adequately to convey its present day sense, it represents a long and a broad jump through three centuries from its original significance.

For the word itself is really an abbreviation for the name "Congregatio de Propaganda Fide," which was the title of the committee of Catholic cardinals, upon whose shoulders devolved the responsibility for the propagation of the Roman Catholic faith.

The "Congregatio de Propaganda Fide" was made into a full-fledged, powerful institution by Gregory the Great.

By the early part of the seventeenth century (1622) it had relegated to its chief duty, which it carries to this very day—the organization and supervision of missionary work through the world. And that is how the word propaganda began!

HOMES DESTROYED BY FIRE MENACE YEARLY

Fire either partially or completely destroyed 1,360 homes in British Columbia last year, with damage estimated at \$847,654.00. Govern-

It is not much to pay for guaranteed finest quality

"SALADA" TEA

'Fresh from the gardens'

A Scotch Whisky of Exceptionally Fine Quality

Fully aged in wood

Distilled, Blended and Bottled in Scotland

This advertisement is not published or displayed by the Liquor Control Board or by the Government of British Columbia.

ment figures show that only 60 per cent of these homes were covered by insurance.

Five persons were burned to death, four of these in dwellings. That many of the losses amongst the 1,360 homes could have been prevented is evident by the list of principal causes, some of which follow:

Defective chimneys, 100; stove or stovepipe insufficiently protected, 92; defective stove or stovepipe, 82; "smokers' carelessness, 188; matches, 44; ashtray, 44; defective wiring, 9; electrical appliances, 62; clothes too near stove or stovepipe, 30; children with matches, 26; gasoline carelessness, 6; Citizens are asked to co-operate with the Victoria and District Fire Agents' Association and keep the "fire prevention" idea in their minds not only during this week, but the whole year round.

Columbia has placed a tax of six cents a gallon on gasoline.

PUGET SOUNDERS AND BRITISH COLUMBIANS WILL MEET IN CITY

The annual meeting of the Puget Sounders and British Columbians Association will be held in the Chamber of Commerce here on Saturday, commencing at 10 o'clock. At this time the officers for the year will be elected, the situation reviewed with regard to the past year, and the plans gone into for the ensuing twelve months.

Delegates will be present from the various communities represented in the association, which is doing so much to foster tourist trade in the Pacific Northwest. These centers are Longview, Tacoma, Seattle, Everett, Bellingham, Vancouver and Victoria. The present officers of the organization include Fred Crine, of Vancouver, president; David Manning, Victoria, vice-president; O. E. Johns, of Seattle, secretary.

DOCTORS KNOW that when poisons collect in the intestines, pep quickly falls below par.

* Where Poisons form ... * Causing Dull Appetites, Listless Days ... * ... until Yeast Ends Them *

AND APPETITE FAILS, too, when intestines become stagnant or weak. Good, wholesome food loses its appeal. Health faces gravest danger when internal neglect cuts off the body's sustenance.

YET HOW SIMPLE to maintain vigorous health! Nature provides yeast. It brings you blessed relief.

Finicky about food... Appetite Gone?

Look out... that may be Nature's first Warning of INTESTINAL FATIGUE

ANOTHER meal just picked at! Good nourishing food the body needs so much. Yet appetite says "No." How long can health exist under such adverse conditions?

Internal sluggishness is the thing that robs life of its kick. Millions suffer from it. Millions show the unmistakable signs... listlessness, irritability, dullness. Just think what they are missing. Just think how they are failing to get the best out of life.

These unfortunates are constantly looking for short-cuts out of their trouble. Cathartics, violent laxatives—pills, pills, pills—until the day of reckoning when all joy in

living is gone. Will this be your own sad fate?

Yet... right at your elbows, right under your very eyes—lies blessed, permanent relief. It is Nature's gift, fresh yeast, the age-old treatment—world-famous doctors endorse.

It's so easy to obtain... so convenient to buy and use. Fleischmann has brought this amazingly corrective food to every village—every hamlet. In little foil-wrapped squares with the yellow Fleischmann label, fresh yeast waits for

you, to bring new health, new energy...

vibrant enjoyment of life's many good things. Eat three times daily, as a regular part of your diet, yeast quickly gets in its good work. Accumulated waste matter that clogs delicate intestines is softened. Elimination is made regular; digestion fostered.

Thus the body is helped in its efforts to throw off the poison-forming waste products which are the cause of your troubles. The

skin clears. Appetite grows sharp again. Bodily resistance is strengthened, and you are no longer so susceptible to colds, headaches, etc. And all without drugs! All because of a fresh, natural food, a simple addition to your diet!

But a warning! Don't expect yeast to aid you overnight! Your family doctor will tell you to be patient. Give yeast a chance and know permanent relief from intestinal ills.

Begin eating yeast today. You can buy Fleischmann's Yeast at grocers', restaurants, drug stores and soda fountains. Eat three cakes every day, regularly, following the directions on the label. Will you start now?

three times a day

Not a "Cure all"... Fleischmann's Yeast is a health food thousands eat

BROADCAST BRIEFS OF THE AIR

Billy Jones and Ernie Hare, the interwoven pair, will make merry before a microphone as they offer a half hour of music and mirth for a nation-wide N.B.C. audience tomorrow evening at 8 o'clock, Pacific standard time. An orchestra conducted by Will C. Perry will assist Jones and Hare during their presentation, released in the West through station KOMO, Seattle.

A quintette from "The Mikado" will be sung by Marie Gerard, Helen Nugent, Earl Palmer, Charles Robinson and Crane Calder in a programme of "Light Opera Gems" to be presented under the direction of Channon Collinge over KVI and the Columbia Broadcasting network tomorrow afternoon at 1:30, Pacific standard time.

A selection of four favored tunes from the musical comedy successes "No, No, Nanette" and "Wildflower," will be played by an orchestra under the direction of Milton Schwarzwald with the presentation of the Radio-Keith-Orpheum programme over the N.B.C. chain tomorrow night, from 7:30 to 8 o'clock, Pacific standard time. On the same bill of the R.-K.-O. Theatre of the Air will be a tenor solo by Frank Chapman, entitled, "Following the Sun Around," and a soprano and baritone duet, "Give Me All of You."

Mother—Tommy, your father tells me you called him an old fool. Did you?

Tommy—Yes, mummy.

Mother (distractedly)—Well, Tommy, I'm glad you're truthful.

Vancouver Island

COWICHAN BRANCH OF LEGION IN SESSION

Social and Business Meeting Held on Monday—Armistice Day to Be Observed November 11

DUNCAN, Oct. 8.—A most enjoyable social was held on Monday evening in the K.P. Hall by the Cowichan Branch of the Canadian Legion. Arranged by Comrade G. Brookbank, the programme included songs by Miss M. Tombs, Mesdames Gorton and Brookbank, and Fred Waller and W. H. deB. Hopkins. The comedy touch was supplied by the legion's laughter-makers, Comrades Parker and Henderson, in a new hilarious role of long before the war. "Yip Addy I Aye," was resurrected and sung with great gusto by their appreciative audience. All the singers were entered, and Comrades Parker and Henderson had to appear three times before the applause subsided. Following the concert supper was served by the ladies of the women's auxiliary, the convener of which was Mrs. H. B. Ryall. Supper was followed by a dance with music supplied by Messrs. Weeks, Mobray, Garrard and Purvey. The accompanists during the concert were Mrs. M. Wade, Mrs. O'Shaughnessy and W. Mowbray.

BUSINESS SESSION

During the business session of the meeting six new members were admitted and introduced.

Comrade A. J. Castle reported that the suggested club was now almost within grasp. A new application would have to be submitted and this would undoubtedly be favorably considered.

Armistice Day will be observed in Duncan on Tuesday, November 11, and Rev. A. Bischoffberger will be asked to make the necessary arrangements.

The annual reunion of ex-service men in Cowichan District will take the form of a real good smoker this year. Comrade F. Willmot will have charge. All service men of Cowichan District will be able to attend the smoker as it will not be confined to legionaries only.

On the suggestion of Comrade Groves a letter of congratulations expressing Cowichan Branch's pleasure will be sent to Comrade Cy Peck, V.C., upon his appointment to the pension committee.

LABOR DAY RESULTS

Upon receiving the financial report of the legion's activities on Labor Day last, Comrade Castle moved a hearty vote of thanks to the sports committee and recommended that the proceeds should be disposed of as follows: The women's auxiliary to receive \$25, the executive committee to decide how much the general fund requires.

NOTICE

We have for the last few months been billed, circulated and lettered under the name of E. Raper. The only E. Raper in this firm is Ernest Raper, more commonly known as "Ernie" Raper. The trade and public in general is asked to take a little more care and precaution.

ERNEST E. RAPER.

NANAIMO COMMITTEE PRESENTS STATEMENT

Grant Is Requested Under Provisions of Unemployment Relief Act—Expenditures by City

NANAIMO, Oct. 8.—In presenting the application of the Corporation of the City of Nanaimo for a grant under the provisions of the Unemployment Relief Act, 1930, the committee representing the Municipal Council submitted the following statement in support of this application:

"This city being almost entirely dependent upon the coal trade, has been affected by the gradual collapse of the coal industry even before the present national depression took place, and when the depression came the situation was so acute that the council used every endeavor to hasten its public works to relieve the situation. During the past two years several of the mines in this district have been closed down, throwing a number of men out of work. Some of these men have been absorbed on other work, mostly of a seasonal character others have left town, and the remainder remain upon the unemployment list. The situation in the early Spring, however, was so bad that all the available resources for the year were called upon, in only a partial attempt to meet the situation. The council now finds itself in the dilemma of having used up all the current funds available for public works, but with a serious unemployment situation still upon its hands.

"This condition will become more aggravated when the work finishes upon the dam which the city is now building, and we have not the prospect of any expenditure for development work, as we believe is the case of many Eastern and Mainland communities, which will benefit from the plans of the railway companies.

TO SUBMIT BY-LAW

"The council is preparing, however, to submit a by-law to the ratepayers to borrow a sum for sewer work. In this regard we would point out that the area to be sewered is a recent addition to the city, which was formerly unorganized territory. The need for sanitary facilities in this district was one of the principal reasons why the residents wished to be taken into the city. A rough estimate of the cost of the work involved is \$50,000.

"It is also proposed that a subway be constructed under the Esquimalt and Nanaimo Railway at the Comox Road crossing. This crossing is considered very dangerous, and the present would seem an opportune time to remove this hazard. The estimated cost of this work is roughly \$50,000.

SOUTH FORKS ROAD

"As the preliminary work upon the above scheme will take some little time, we would propose the expenditure of \$10,000 upon repairs to the South Forks Road out of Nanaimo. In this instance the proportion of the cost to be borne by the city, must come from current revenue, which, due to circumstances outlined above, is almost entirely depleted at the present time, in fact, to such an extent that it is extremely questionable whether the city can finance a scheme for immediate participation in the relief scheme of the Dominion Government if called upon to do so on a fifty-fifty basis. Furthermore, we would also emphasize the fact that the work is for a road which we consider the Provincial authorities have an interest in, and to pull, in our opinion, eventually become a provincial highway. We would therefore suggest that in this instance the city should be relieved under Section 5 of the regulations to the extent of at least seventy-five per cent of the cost of the work, due, as already pointed out, to the extraordinary circumstances.

"The following figures will show to what extent the city has been involved with the extraordinary demands for relief work, especially when it is borne in mind that these departments (more particularly the waterworks) have overhauled expenses for the remainder of the year which cannot be avoided and which must be met from current revenue:

"Expenditure for 1930 to September

Streets \$19,323.95

Waterworks 35,220.65

Sewers 2,120.67

"Another unfortunate aspect of the situation is that unemployment also adversely affects the revenue of the city, and present indications are that there will be a deficit at the end of the present year for the first time in the last ten years."

SALT SPRING ISLAND ENTERTAINS VISITORS

SALT SPRING ISLAND, Oct. 8.—On Saturday the Saanich Jersey breeders visited Salt Spring Island. A party of twenty-six spent the day motoring to various Jersey farms, where they inspected pedigree herds belonging to J. J. Sam, W. J. Palmer, J. H. Kingdom, Mrs. Cunningham, J. H. Kingdom, King Bros. and Price Bros.

Unfortunately also filling prevented S. P. Beech and T. Burkill being of the party and owing to their absence their farms were not inspected.

A basket lunch was served in the Mahon Hall, Ganges, after which Harold Price, president of the Island Agricultural and Fruit Growers' Association, in a short address, welcomed the guests. Mr. Alard, president of the Saanich Jersey Breeders, responding.

Before leaving, the party were entertained to tea at Harbor House, Ganges.

Amongst the visitors were Mr. and Mrs. Malcolm, Mr. and Mrs. G. Mitchell, Major J. C. McDonald, Alard, H. E. Burbridge, Captain Gibson, Edwards, Wilson, and several others.

Salt Spring weather report for September: Mean temperature for month, 57.5; mean high, 68.8; mean low, 47; highest, 81.5 on 2nd; lowest, 36, on 23rd; rain, 91; part cloudy, hazy and smoky; clear days, 1.

The football match which took place last Sunday on the Agricultural Grounds, Ganges, between Ganges and Galiano resulted in a win for the former team, 3-1. Those playing for Ganges were D. Goodman, B. and J. Akerman, H. and A. Nichols, L. Jenkins, C. Beech, F. Morris, G. Elliot, P. Crofton and C. Aubrey.

HARVEST CONCERT

NANAIMO, Oct. 8.—On Monday evening the annual harvest concert given by Cedar United Church realized the sum of \$23. The church was crowded to overflowing and a fine programme of recitations, speeches and music was encored throughout by the appreciative audience present.

T. James made an excellent auctioneer for the sale of vegetables and fruits which brought good prices, and furnished much amusement for the spectators as the animated bidders made their offers.

George Pearson, M.P.P., made an efficient chairman, and Mrs. R. T. Wilson ably accompanied the soloists. Mr. Norton, on behalf of the church, thanked the artists. There were many townfolk present. The programme was contributed to by the following: Jack Clements, "Smilin' Through"; Miss Nora Pudley, "Mother of Mine"; Mrs. F. Reynolds, "I Heard You Go By"; Mrs. Armishaw, "Drink to Me Only With Thine Eyes"; R. Hindmarch and L. Williams in duet, "Battle Eve". The programme was convened by Mr. and Mrs. Ivor Thomas.

Mr. Norton, who has been in charge of the work at Cedar was presented with a check by the members of the church.

THANKSGIVING SERVICE

SOOKE, Oct. 8.—A harvest thanksgiving service was held in Holy Trinity Church on Sunday last.

Robey Frank Eldridge, poet author and the oldest attorney in the Isle of Wight, died recently, aged eighty.

CORONER'S JURY GIVES VERDICT ON DISASTER

NANAIMO, Oct. 8.—The local jury brought in the following verdict on the recent Orient disaster:

"We, the coroner's jury impaneled for the purpose of rendering a verdict covering the death of Andrew Lokke, Ben Huseby, Christopher Pederson and Sedolph H. Rudd, find that the deceased met their deaths by misadventure resulting from a collision which took place on September 1, 1930, between the freighter Ss. Admiral Nulton and the fishing boat Orient, said collision taking place off Sisters Light-house, Gulf of Georgia, County of Nanaimo, B.C."

KRAZY KAT

THE DOT CARTOONIST, BY GEORGE BELL
The circular harmonica is the chief feature of Sapp & Sapp's vaudeville act. If these fellows didn't use jazz their audience would notice that the Sappas never go more than three octaves off... (Kindly draw straight lines between the numbers).

THE HONEY CROP
Honey production in Canada, despite a lowering price average, shows a big increase in both volume and value. Much of this increase has been due to the help provided apiculturists through the research work of the Bee Division of the Dominion Department of Agriculture. In 1927 the nine provinces produced a total of 23,184,483 pounds of honey, which selling at an average price of thirteen cents a pound, was worth \$3,014,584. In 1928 the production amounted to 30,978,735 pounds. This sold at an average price of eleven cents a pound, giving a crop value of \$3,407,661. Ontario is the largest single producer of honey, the 1928 crop amounting to 17,000,000 pounds, while Prince Edward produced only 14,000 pounds.

STONE-AGE MEN FOUND
Aborigines found by the recent Mackay Aerial Survey Expedition to Central Australia are reported to be as primitive as stone-age men which inhabited Europe 5,000 years ago. Their rites and ceremonials are very crude. The huge head-dress worn by warriors during a corroboree, a celebration among the Pintu tribe, consisted of grass and feathers bound with human hair. Natives eat with their fingers a "porridge" composed of ground grass seeds, and fire is made by friction between a wooden shield and a woomera, used for carrying small articles.

ITALIAN CHILDREN TO HAVE NEW TEXT BOOKS

Schools Will Be Made Perfect Instrument for the Fascist Education of Youth of Italy

By WILLIAM H. STONEHAM
(Copyright, 1930, by The Chicago Daily News Foreign Service.)

ROME, Oct. 7.—The Fascist Government's latest step toward bringing the country's elementary schools into line and making them a perfect instrument for the Fascist education of Italian youth, is the publication of a new series of textbooks which hereafter will be used in all the country's schools.

In accordance with the promise of Sig. Belluzzo, former Minister of Education, all eight volumes are permeated with the spirit of Fascism. On the other hand, they are so skillfully written and handsomely illustrated that the propaganda contained is "well disguised."

VICTORY OF VENETO
The books for the first two grades describe the adventures of two young children and their longing for their eighth birthdays, when they will be allowed to join the Fascist children's organizations, the Balilla and the Piccole Italiane. Their father gives them a good home and good education, reminding them, among other things, of the fact that Italy helped the world war by the Vittorio Veneto, or victory of Veneto.

A grandfather who laments his lost youth because he cannot hope to be a member of the youth organizations, puts in a few good words for the Pope, describing him as a man of great intelligence who understands the aspiration of modern Italians. By the time the fourth grade is reached, the children are allowed to read about Fascist martyrs and the history of the Fascist movement.

MUSSOLINI'S LIFE
Premier Mussolini's life is also given at some length.

The books for later grades increase in the intensity of the Fascist spirit, and details regarding organizations to which all young Italians today are expected to belong and heroes whom they are supposed to emulate.

What Today Means

"LIBRA"
If October 9th is your birthday, the best hours for you on this date are from 11 a.m. to 1 p.m., from 5 p.m. to 6 p.m. and from 10:30 p.m. to 11:30 p.m. The danger periods are from 8 a.m. to 9:45 a.m. and from 2:30 p.m. to 3:30 p.m.

The real secrets of this date will not be unraveled, or the riddles read until a later day in your life. There will be much to perplex, much to enjoy, much to overcome—a great deal depends upon yourself. Do not enter into disputes, and do not go to law at this time. The child born on this October 9th will have an obstinate, and very self-willed nature. It will have a good mind, moral courage, and a good nerve. It will be fond of all outdoor activities, and will desire an energetic life. It will be a good student in most subjects, especially so in mathematics.

You have a combination of good qualities, success-bringing qualities—foresight, imagination, determination and optimism. You do not care for an easy life, nor a safe life—you are looking for adventure. You keep a vigilant gaze on opportunities, and not many of them slip through your fingers. You make use of chance advantages, which many pass by—the casual acquaintance with a pull, an invitation which means boredom but other returns, and all kindly offers of assistance. You know how to make use of a genial smile, and when to display your best charms and manners. You study humanity and you are a very keen judge of character, and you know when to praise and when to flatter.

If you be a woman, you are popular with those of the opposite sex, for you play the passive role with them, and you are content to listen while they talk. You are sympathetic, good natured, do not nag, and are humorous enough to understand and appreciate wit in others, although you do not express much yourself. You are very quiet and unobtrusive about your own cleverness, and you need to be known very well to be fully appreciated. You are neither envious nor jealous, and you always stand ready to help others, to rejoice with them in their good luck, or to help when they have had luck. Seek your happiness within a home.

Successful People Born October 9
1—Harriet Hosmer, sculptor.
2—Francis J. Campbell, blind educator.
3—James B. Lockwood, Arctic explorer.
4—Leonard Wood, Major-General, U.S.A.
5—Edwin W. Bok, editor of Ladies' Home Journal.
6—Winfield Scott Schley, naval officer.
